PERFORMANCE

Your Company has been experiencing acute shortage of Coal for a long time. Rigorous and Continuous efforts have been made to set up a linkage with Coal India Limited to ensure a regular and uninterrupted supply of coal, which is the prime raw material for the Washery, but the efforts failed to elicit any positive result. The Companies which use raw coal as the primary raw material, such as your Company, have been hard hit by the Government's policy on coal. On the one hand, the Government increased the price of raw coal several times at short notice at steep rates, on the other hand, due to liberalisation of Import of coal and coke, several Countries are now dumping coal and coke of superior quality at cheaper price. The steep rise in the price of indigenous coal seriously and adversely affected the operation of the Washery Division, and resulted in heavy loss of production, turnover and profit.

FINANCE

As a part of prudent resource management, the Company has not availed of the term loan facility of Rs. 90 lacs sanctioned by the Bihar State Credit & Investment Corporation Ltd., and thus has not incurred any interest charge.

DIVIDEND

Considering the unfavourable trading conditions and low profit earned during the year ended 31st March 1997, your Directors consider that it would not be prudent to recommend any dividend.

PUBLIC ISSUE OF EQUITY SHARES

Calls Receivable as on 31st March 1997 was Rs. 16,41,508 as against Rs. 16,42,258 at the end of the previous financial year.

FUTURE PROSPECTS

Your Directors sincerely hope that there will be a change in the near future in the Government policy of the distribution and pricing of coal, so that the washery may operate at optimum capacity and profitable level.

FIXED DEPOSITS

During the year under report the Company has not accepted any fixed deposits under the Companies (Acceptance of deposits) Rules, 1975 from the shareholders and the public. As on the date of this report, there is, therefore, no matured and/or unclaimed deposits.
