The sales have increased by Rs. 441 crores during the year, showing an increase of 32% over the previous year. The net profit of the Company has dropped to Rs. 116 crores in 2000-01 as compared to Rs. 124 crores in 1999-2000 despite increased sales. The drop in profit is attributable to (a) downward revision in the revised provisional Retention Price of Gadepan I plant due to an interim re-assessment of capacity, (b) the Retention Price support for Gadepan II plant has been accounted on the basis of an estimated adhoc Retention Price, which is lower than the expected Final Price and (c) restricted allocation of Urea under the Essential Commodities Act.

The matter is being pursued with the Government for early fixation of Final Retention Price.
