## "Chairman's Message"

2021-22 was a successful and eventful year at Chandra Prabhu as we crossed an important milestone of 700 Cr sales. It is even more satisfying that we delivered good growth in all over Indian markets. Our performance is an outcome of simple yet effective changes made over the years.

At CPIL, we are collectively dedicated to improve the existing, execute the present and timely pivot into the future. Therefore, inspiring the best of talent to take up trading as a career of choice.

Dear Stakeholders,

As we have all experienced, 2021-22 came as another year of perseverance and persistence. The year witnessed a lot of disruptions, including the second and third wave of Covid-19, and frequent lockdowns. However, the economic activities gradually regained momentum as markets started recovering and consumers continued to invest in their homes, for their comfort and convenience.

The year 2022 is a momentous one for India, as the country prepares to commemorate 75 years of its journey as an independent and progressive nation. What makes this present time even more special is that India finds itself on a springboard for rapid growth that will enhance its economic standing in the global order. This growth will be underpinned by an infrastructure push, digital inclusion and rising per capita income, with the Union Government taking the lead on capex, to 'crowd in' private investments. Coal is an integral part of this story. At CPIL, we invest in the country's future, and are growing hand in hand with India.
