## CHAIRMAN'S STATEMENT - 2017 - 2018

### *Dear Shareowners,*

It gives me great pleasure to present to you the Annual Report of your Company for the FY 2017-18. An overall positivity in the macro economic environment propelled growth in both the domestic and international markets, paving the way for significant upward demand and price movement in the Chlor Alkali industry during the year.

#### **International market**

In the global market, there has been a notable increase in the prices for Caustic Soda, attributable to a combination of factors, including removal of 1.3 Million MT of Caustic capacity due to phasing out of Mercury cells in Europe. A series of environmental restrictions in China and a strong demand push for Alumina across the globe have also contributed to the price growth.

#### **Domestic market**

The industry posted good performance in the domestic market too during the year. Domestic prices moved in line with the international prices through FY 2017-18. The positive sentiment in the industry was also evident in the fairly robust demand for Caustic Soda in the domestic market across all segments, particularly in the backdrop of strong demand pull from the Alumina sector.

Demand for both Caustic as well as Chlorine has been growing at 5-6 % p.a.

#### **Company's performance**

Your Company, with its intrinsic strengths, was well positioned to harness the favourable conditions prevailing in the industry in the year under review.

What gave a major impetus to the Company's business momentum was the approval received in July 2017, for augmenting production from 33000 tpa to 45600 tpa. This immediately led to a scaling up of production, which coupled with the strong realisation for Caustic as per the prevalent market conditions, gave a major boost to the Company's top line as well as the bottom line.

Your Company's performance was manifest in its numbers. Net Revenue from Operations rose by 28% - from Rs. 140.22 Crore in FY 2016-17 to Rs. 179.61 Crore in FY 2017-18. PBT also went up commensurately, posting a growth of 141% to increase from Rs. 16.51 Crore in FY 2016-17 to Rs. 39.78 Crore in FY 2017-18.

The external environment remains favourable for your Company, which is well entrenched to leverage its strengths to move aggressively towards higher levels of production and growth. We have already received In-Principle approval for enhancement of capacity to 200 TPD, which is expected to become operational from the fourth quarter of FY 2018-19. This will give a definite impetus to your Company's performance, both in terms of Revenues and Profitability.

In addition, your Company is in the process of setting up of a Desalination Plant, which is expected to be operational from the last quarter of the next fiscal. We expect this first-of-its-kind plant in Puducherry region to emerge as a key driver in realising our commitment towards preservation and sustenance of natural resources, thus raising the bar for your Company to become an even more environmentally responsible corporate focused on sustainable and sustained growth.

Another factor that we see aiding our continued growth in the coming years is our decision to diversify into the manufacture of Oriented PVC pipes. Manufacturing facility being set up in Sri City, Tada, Andhra Pradesh, with an investment of Rs. 50 Crores and is scheduled to go operational in the third quarter of FY 2018-19. This new, unique and highly advanced pipes have exceptional features, designed to enable conveyance of high pressure water with the best-in-class operational and cost efficiencies.

Our strategic foray into the manufacturing of Oriented PVC pipes is driven by the huge demand that we see coming up for advanced and efficient pipes as a result of the large-scale investments being made by the Government of India to strengthen water connectivity, both in urban as well as rural areas. The diversification, which is in line with our focus on identifying and seeking new opportunities for business growth, will lend further momentum to our plans for adding value to the Company and all its stakeholders.

On behalf of all your Board of Directors and on my own behalf, I express my sincere gratitude to the Government of Puducherry and all our stake holders, for their continued support. I thank all the CCALmates for their efforts, commitments and valuable contribution to the progress of your company.

I am confident that with the support and contribution of all stakeholders, we shall continue our journey to create more value.
