#### DIVIDEND :

Your Directors are pleased to recommend 35% Dividend on the Equity Share Capital for the year ended 31.3.1998.

### **PRODUCTION AND DESPATCHES FOR THE YEAR 1997-98 :**

	MT
Clinker Produced	786870
Cement Produced	802332
Cement and Clinker Sales	909693

During the year 1997-98, your Company was able to maintain the production of cement more than its rated capacity i.e., nearly 133.72% (139% in the previous year)

### **PERFORMANCE OF CEMENT INDUSTRY :**

The unforeseen economic slowdown in 1997-98, resulted in deceleration of demand for cement. While the economic growth was at a lower level of 5% in 1997-98 compared to 7.5% last year, the cement production continued to grow at 9% per annum. But the capacity creation continued to increase which resulted in the mismatch between capacity creation and demand for cement. This put pressure on cement prices.

In such a scenario, the Cement Industry is facing a challenging period. With the prospects of GDP growing at a faster rate, the demand for cement is likely to grow. But the cement industry has also been a victim of high cost syndrome, with rising prices of power, coal and freight costs.

### **SALES AND PROFITABILITY OF THE COMPANY :**

Against such a background and at such difficult times, the total turnover during the year 1997-98 increased to Rs.24202 lakhs from Rs.23634 lakhs last year. The profit before Interest and Depreciation was at Rs.6340 lakhs as against Rs.6902 lakhs last year. The Interest and Depreciation charges are higher at Rs.5009 lakhs (Rs.4343 lakhs for 1996-97). This coupled with the recessionary trends in the economy, the unstable political climate, the reduction in Infrastructural and Real Estate Business affected the performance of the Company and hence, the profit before tax is lower at Rs.1331 lakhs when compared to last year Rs.2559 lakhs. But your Directors are pleased to note that budget proposals of this year, has the potential to create a favourable climate for an increase in demand for cement. Factors like thrust to infrastructural and housing activities, repeal of the Urban Land Ceiling and Regulation Act, are bound to result in an increase in demand for cement and hence, they foresee a better performance in the current financial year.

### **WINDMILL OPERATIONS :**

The Wind Mills installed by the Company have been functioning satisfactorily.
