PROFILE

CHETTINAD CEMENT CORPORATION LIMITED

The history of the group "House of Chettinad" is linked with the 9 decades old saga. In 1912 took birth the House of Chettinad through a visionary, idealist and born entrepreneur Dr. Rajah Sir Annamalai Chettiar who believed in Social transformation through business. The founder of the House of Chettinad envisaged his companies providing the stimulus for Industrial Growth and conceived business as a means of improving the living standards of people.

Following the footsteps of his father Dr. Rajah Sir Annamalai Chettiar, Dr. Rajah Sir M.A. Muthiah Chettiar continued to contribute to the nation building cause and combined his business acumen to establish the Company "Chettinad Cement Corporation Limited" in 1962 to cater to growing demand of Cement in the Country. The Company's first manufacturing unit located at Puliur, Karur District, in Tamil Nadu commenced production in April 1968. Today the group is being steered under the versatile, dynamic and pragmatic Leadership of Dr. M.A.M. Ramaswamy and his son Sri M.A.M.R. Muthiah based on the footsteps of Dr. Rajah Sir M.A. Muthiah Chettiar. Apart from cement, the Chettinad House is today engaged in activities as diverse as granite, engineering, silica, garnet, information technology, education, medical, plantations, shipping, transportation, stevedoring, clearing and forwarding and logistics having a combined turnover of about Rs. 10,000 million.

PRODUCTS

OPC 43 Grade
Super Grade
Sulphate Resistant Portland Cement
Portland Slag Cement

From a modest beginning of 2 Lac tonnes capacity per annum, Chettinad Cement has gradually increased its production capacity to 20 lakhs tonnes today with its two cement manufacturing units at Puliur & Karikkali. Presently the plant employs the

Modern Dry Process Technology. It has the most advanced, Sophisticated, Computer controlled State-of-the-art Loesche Mill for Grinding Raw Meal, Loesche lignite mill (first of its kind in India), a five stage pre-heated Kiln & Electronic Packing plant. Equipped with Centralised control room for process control, the advanced instrumentation and elaborate display screens give up-to-the minute information on the production process so that any deviation can be promptly corrected.

The Company, which has always been striving for Total Quality, possesses International Certificate ISO 9001 : 2000 and ISO 14001 : 2004 and takes pride in being acclaimed as one of the major player in a highly competitive Cement Industry in India.

Chettinad Cement has attached great importance to social responsibility and environmental values. This is manifest in the installation of the latest pollution control equipment in the plant.

The Company has achieved many laurels through awards for "BEST PERFORMANCE" in the Cement Industry and for Environmental Excellence.

The Company commissioned a 15MW Captive Thermal Power Plant at its unit at Karikkali in October 2004 and at Puliur in March 2008 to cater to the entire power requirements of the Plants thereby reduce the power cost.

The Company is in the process of setting up two Greenfield Cement manufacturing units with a capacity of 2 Million Tonnes each at Ariyalur, near Trichy, Tamilnadu.

The said units are to be supported for power by 2x15MW captive thermal power plants to be installed at the plant site.

The plants at Ariyalur are proposed to be commissioned in 3rd quarter of 2008 and 2nd quarter of 2009, respectively.

Chettinad
Cement

EXPLANATORY STATEMENT AS REQUIRED UNDER SECTION 173 (2) OF THE COMPANIES ACT, 1956.

Item No. 6

At present the Company has got Borrowing power as required under Section 293 (1) (d) of the Companies Act, 1956 to an extent of Rs.1000 Crores as per the Resolution passed by the Members at the Extra Ordinary General Meeting held on 14th March, 2000.

In view of the ongoing Cement Plant projects at Ariyalur and the proposed project for installation of Cement manufacturing unit at Karnataka State and for further developmental activities, from time to time, the company may require funds beyond the present borrowing limits. Hence it is proposed to increase the borrowing powers from the present limit of Rs.1000 Crores to Rs. 1500 Crores, as the company may borrow moneys from Banks / Financial Institutions and other sources for the said project purpose, as and when need arises.

Necessary resolution has to be passed at the General Meeting as required under Section 293 (1) (d) of the Companies Act, 1956. Hence this Ordinary Resolution.

Item No. 7

The Company borrows, from time to time, monies from the Financial Institutions / Banks whenever it requires funds for its activities. For the purpose of creation of Security / Mortgage of immovable properties in favour of the Lenders, consent of the Shareholders is required under Section 293 (1) (a)

of the Companies Act, 1956 by way of resolution at the General Meeting.

Section 293 (1) (a) of the Companies Act, 1956 provides inter-alia that the Board of directors of the Public Company shall not, without the consent of such public Company in General Meeting, sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company or where the Company owns more than one undertaking of the whole or substantially the whole of any such undertaking. Since creation of charge / mortgage / security by the Company in favour of the Financial Institution / s or Bank / s in connection with the Financial assistance, may be regarded as disposal of the Company's properties / undertaking, it is necessary for the members of the Company to pass an ordinary resolution in terms of section 293(1) (a) of the Companies Act, 1956.

Hence this Ordinary resolution to secure the borrowals of the Company both present and future.

INTEREST OF DIRECTORS:

None of the Directors is interested in the special business / ordinary resolutions under Item No. 6 & 7.

INSPECTION OF DOCUMENTS:

The following documents will be kept at the Registered Office, during the working hours of the Company and it is open for inspection by the Members.

Memorandum and Articles of Association of the Company.

PRODUCTION AND SALES FOR THE YEAR 2007-08 MT

Clinker produced	-	2062346
Cement produced	-	2905698
Cement sales	-	2879187

OPERATIONS

This is covered under the topic Management Discussion and Analysis.

MANAGEMENT DISCUSSION AND ANALYSIS

a) Industry structure and developments

The Indian Economy has definitely proved that it is now on a higher platform of accelerated growth than what it was a couple of decades ago, by showing growth of over 8% in the last 3 years. A positive outlook on the fundamentals of economy is evident from the increase in domestic investment and savings. Both services and manufacturing sectors are growing at a rate over 9% while agriculture is expected to show a modest growth of over 2.5%.

The financial year 2007-08 was not a great year for the Cement Industry. With the deceleration in the growth of construction Industry owing to the increase in cost of Steel and Cement prices greatly contributed by increase in the cost of Raw material and fuel, has had a dampening effect in the growth of Cement Industry as well. The production and dispatches of Cement during the financial year 2007-08 grew by about 8% at 168.31 MT and 167.67 MT respectively, while the export had a decelerated growth of 38% mainly owing to the restriction by the Government on export of Cement.

The northern region showed the best growth in production of 14% while the southern region kept pace with the industry growth of 8%. However the despatch of southern region grew by 10%. The Southern Region also continued to dominate the Cement Industry performance accounting for over 30% of its production and despatches.

Your company continued its march on a path of steady growth and performance during the financial year 2007-08. The Production at 2905698 tonnes and Sales at 2879187 tonnes

displayed a growth of around 8% over previous year, contributed mainly by increased production and sale of blended cement.

b) Opportunities, Threats, Risks and Concerns

The sustenance of growth in the service and industrial sector and the per capita income nearly touching Rs.30000/- augurs well for the industry in the form of increased domestic investment and consumption considering India to be still a conservative savings economy. The robust economy and per capita income is a positive sign for the construction industry too both in infrastructure sector as well as housing sector as owning a home is still considered the best savings for an Indian family.

However the increase in the cost of Raw materials and Power & fuel has definitely put in a lot of pressure on the Realisations of Cement Industry, adding to it the Government stress on price control in view of the accelerated growth in inflation. The shortage of power supply in various states is also proving to be an impediment to the growth of the Industry.

Your company has done its best in countering the impediment of shortage of power supply by commissioning of Captive Thermal Power Plants (CPP) in both its factories at Puliur and Karikkali. The company is also in the process of installing 30 MW CPP at its ongoing project site at Ariyalur to cater to the power requirements of the Cement Plants at Ariyalur.

c) Segment-wise or Product-wise performance

The Company has no segments. Given below are the Product-wise production figures for the financial year 2007-08

Grades of Cement	Quantity in M.T
OPC - 43 Grade	122596
OPC - 53 Grade	20837
SRC - PC	8353
PPC	2357036
Slag - PSC	396876
TOTAL	2905698

d) Outlook

India is the second largest Cement producer in the world behind only China. The accelerated economic growth and increase in per capita
