Corporate Portrait

Moving into the 125th year since inception, we express our sincere gratitude to our investors, customers, associates and employees for their longstanding trust and commitment.

Cheviot has been under the management of Kanoria family for almost 50 years. Mr. Harsh Vardhan Kanoria had a strong conviction on the versatility of golden fibre and did not remain confined to traditional jute products. He pioneered a specialised weaving unit at Falta Special Economic Zone which led to a global presence for jute textiles. The value-added high grade export yarns and textiles fetched recognition for jute goods across the globe.

An eco-friendly, bio-degradable and natural fibre holds an exciting potential and contributes to maintain a safe environment. The diversified use of jute in floor coverings, jute geotextiles, shopping bags and other industrial purposes is giving a boost in the demand for jute goods.

A new multi-storey weaving and processing unit is set to be commissioned in order to boost the production of fabrics with superior finishes to satiate the global demand for sustainable fabric.

Of trust.

Of commitment.

Of perfection.

Our Vision

To produce and supply environmental-friendly jute products conforming to international standards and create value for our stakeholders.

Our Credentials

Cheviot Company Limited, the flagship company of Group Cheviot, rests on the pillars of integrity, perseverance, technology, innovation, and precision. Upholding these values, Cheviot has established itself as one of the premier Jute conglomerates of the world. Today, it manufactures high quality precision jute yarn, fabrics, sacks and customised products such as geotextiles, food grade bags and technical textiles for the domestic and international markets. Cheviot strives to provide sustainable alternatives through the processing of the eco-friendly and highly versatile golden fibre. Cheviot produces 50+ million jute bags per year that are solely used for food grain packaging by the Government of India.

The company has two state-of-the-art manufacturing units which are equipped with the latest technology situated in the State of West Bengal, India.

Budge-Budge Plant

A composite jute mill. This facility is equipped to produce customised food grade bags, fabrics that are free from hydrocarbons, packaging products, geotextiles and premium quality yarn of various counts.

Falta Special Economic Zone Plant

This is a sophisticated jute weaving unit manufacturing decorative fabrics, geotextiles and lifestyle products woven on Sulzer Looms. This 100% export oriented unit offers customised products to foreign buyers across the globe.
