Operations:

Pursuant to the approval of the members through postal ballot on 30.10.2008, the Company has disposed of some of the textile machineries after stoppage of spinning activity, and taken steps to dispose of remaining textile machineries.

On account of loss on sale of machineries, deteriorated rawmaterial stock and payment of huge amount of arrears of sales tax on account of non grant of Textile Policy by the State Government, the company has incurred huge loss during the year.

With a view to curtail the mounting losses the Company has leased the godown facilities on rent basis to State and Central Warehouse Corporations.

The Company has cleared all secured liabilities and as of now the Companies liability is very meager which is normal in normal course of business.

All other remaining assets and liabilities are valued on a "Going Concern" basis and the directors are under the process of exploring other avenues of diversifying into new areas of business. Though the manufacturing activity is stopped, its net worth remains positive and considering the fact that the company has adequate resources to continue in operational existence for the foreseeable future and taking into account the management assessment of improvement in the economic condition in general they continue to adopt the going concern basis in preparing the annual report and accounts.
