LETTER FROM CHAIRPERSON

**I strongly believe that
"The growth of a company is
fuelled by a combination
of strategic vision, adaptability,
and relentless pursuit
of excellence."**

Dear Shareholders,

As the Chairperson of this organization the previous financial year has been a wonderful journey for me. I would like to express my gratitude to each one of you, right from the Executive management to the Board of Directors, Members of the company, my employees and shareholders. This would not have been possible without your constant support and the confidence you all have instilled in me.

We as a part of this esteemed institution have strived to keep the ideologies of our Founder Promoter "Shri Sunil Patodia Ji" alive and are walking on the path shown by him. Our commitment to excellence and growth remains unchanged. We continue to progress towards our vision of being the "Top Financial Services" in India with utmost confidence and dedication.

With a mission to empower individuals and businesses we provide innovative financial solutions that help them achieve their goals. We believe that access to transparent and affordable financial services is crucial for inclusive growth and development, and we're committed to making it a reality for millions of people across the country.

With the professionally experienced senior leadership teams, we are constantly seeking new opportunities for expansion and diversification in India. Equipped with favourable demographics, a robust economy, and supportive government policies, the potential for success and value creation for our shareholders will be tremendous.

I strongly believe that "The growth of a company is fuelled by a combination of strategic vision, adaptability, and relentless pursuit of excellence." With this in our mind, the entire company is working relentlessly in achieving one common goal of becoming "सर्वश्रेष्ठ".

Looking ahead, I am confident that our continued dedication to our mission and our commitment to providing the highest level of customer service will enable us to achieve our financial targets and continue to make a positive impact on the lives of people across India.

LETTER FROM MANAGING DIRECTOR

I feel proud to announce that this year we ended with a Revenue of Rs. 3,952 Mn, a growth of 38% and a PAT of Rs. 601 Mn, a growth of 12%.

Letter from the Managing Director

Choice has concluded yet another fiscal year, and it has proven to be an extraordinary period for us in terms of our financial expansion and reaching unprecedented achievements. As we wrap up the financial year, we, at Choice, have numerous reasons to rejoice. We have not only accomplished our targets but also surpassed them, instilling in us the determination to strive even harder in the coming fiscal year. At Choice, we have consistently adhered to the principles set forth by our esteemed Founder Promoter, 'Shri Sunil Patodia Ji'. This steadfast commitment has consistently propelled us to surpass our performance expectations.

Against a backdrop of soaring inflation, rigorous monetary tightening, and increased uncertainties, the present economic downturn has impeded the speed of post-COVID-19 recovery, placing numerous nations, including both developed and developing ones, at risk of recession in 2023.

I feel proud to announce that this year we ended with a Revenue of Rs. 3,952 Mn, a growth of 38% and a PAT of Rs. 601 Mn, a growth of 12%. All our businesses have delivered excellent performance with the Broking & Distribution contributing 58% to the overall revenues, followed by the Advisory business, contributing 32% and the NBFC business contributed around 10% to our revenues. We have consistently delivered strong growth every year with the revenue growing at a 3 Year CAGR of 44% and PAT growing at a 3 Year CAGR of 69%. In this financial year, EBITDA stood at Rs. 1,087 Mn, growing at a 3 Year CAGR of 41%.

Despite the headwinds in the industry, our Broking business stood strong and we have successfully ended the year with a

total of 680k demat accounts. The number of active clients for the industry has been subdued due to volatility in the stock market, however, we are pleased to announce that Choice has held its 16th rank as per NSE's active (UCC) list.

The AUM for the Mutual Fund business stood at Rs 3,635 Mn, a growth of 11% YoY. We have successfully added more products in our Wealth division and are seeing an active traction from the customers. Choice Insurance Broking has exhibited phenomenal growth, clocked in a total premium of Rs. 535 Mn with a total of 17,171 policies sold in FY23.

One of the prime focus this year was our NBFC business, which was launched full-fledged in June, and we ended with a total loan book at Rs. 2,356 Mn and a retail loan book of Rs. 1,105 Mn. Our Advisory business is growing steadily and has an order book of Rs. 3.80 Bn. We can proudly say that we have a family of 31,252 Choice Business Associates executing our services on the ground level.

Every year has been a phenomenal year for us where we are successful in exceeding our targets. This motivates us to set new targets for ourselves and help Choice reach a level where we are one of the top most financial services institution in the country. We strongly believe that our agenda for financial inclusion is not just a business strategy, but a mission that we truly want to achieve.

I would like to thank all Stakeholders, business partners and employees for their constant support and for believing in us. We at Choice constantly strive to create shareholder wealth and we will continue to do so in the years to come. Your faith in us is what drives us to deliver our best.

Looking ahead, I am confident that our continued dedication to our mission and our commitment to providing the highest level of customer service will enable us to achieve our financial targets and continue to make a positive impact on the lives of people across India.

(Kamal Poddar)
Managing Director
DIN No: 01518700

LETTER FROM JOINT MANAGING DIRECTOR

Our Broking business stood strong and we have successfully added 217k Demat accounts this year which was a growth of 47% YoY.

According to the International Monetary Fund (IMF), global growth is expected to decelerate from 3.4% in 2022 to 2.9% in 2023, followed by a rebound to 3.1% in 2024. Despite uncertainties on the global scale, inflation remains persistently high in many countries. The average global inflation rate is predicted to be 5.2% in 2023, down from the two-decade high of 7.5% in 2022. Asian economies are projected to drive most of the global growth in 2023, benefiting from ongoing reopening efforts and relatively lower inflationary pressures compared to other regions. Indian economy is anticipated to achieve stable growth in 2023, propelled by factors such as private consumption, private investment, and government initiatives aimed at improving infrastructure and the business environment.

Indian financial services industry is expected to continue to grow and evolve in 2023, with digital products and services, fintech, and digital banking playing a key role in driving growth and innovation. India has emerged as one of the fastest-growing fintech markets in the world, with a market size estimated at \$150 billion by 2025. The growth of financial services and the fintech space is expected to continue, with sustained growth across the industry.

Choice has been continuing to grow with the same momentum every year. This year our yearly revenue has exceeded expectations of our initial projections. FY23 was a year of consolidation. All the efforts taken during the year will pace us for the phenomenal growth expected in the coming years. Our Broking business stood strong and we have successfully added 217k Demat accounts this year

which was a growth of 47% YoY. Our wealth advisory business has been expanding with a mutual fund AUM growth of 11% YoY. The Insurance business has been growing exponentially with increasing awareness and ease of buying insurance policy, we have sold more than 17K insurance policies this year and this number is growing every day.

Our primary emphasis this year revolved around our NBFC business, and we are delighted to announce that we have successfully assembled a robust team and developed a user-friendly application called "Choice Money." This initiative aims to facilitate our shift from institutional lending to retail lending. This year we ended with a total loan book at Rs. 2,356 Mn and a retail loan book of Rs. 1,105 Mn.

We are pleased to announce that our Advisory business is experiencing steady growth and currently holds an order book worth Rs. 3.80 billion. This vertical offers significant growth potential as we have established ourselves as a reliable partner for the Government, ensuring seamless project execution at the grassroots level.

As I envision the future of Choice International, a feeling of enthusiasm and positivity engulfs me. Our recent expansions mark the initial stages of our endeavour to introduce ground-breaking financial solutions to individuals throughout India. We are dedicated to extending our services to every part of the nation, guaranteeing financial inclusion for all. This commitment drives us forward with great anticipation for what lies ahead.

LETTER FROM THE CHIEF EXECUTIVE OFFICER

We ended the year with an active client base of 211k and a total of 680k demat accounts all while maintaining our 16th rank this year as well, as per NSE's active (UCC) list.

As we complete the financial year, we at Choice have a lot to celebrate. The past year has been a great success for us, with the company achieving its financial goals and reaching new heights. FY23 was a year of consolidation. All the efforts taken during the year will pace us for the phenomenal growth expected in the coming years.

Our mission is to empower individuals and businesses and provide innovative financial solutions that help them achieve their goals. We believe that access to transparent and affordable financial services is crucial for inclusive growth and development, and we're committed to making it a reality for millions of people across the country.

Over the years, we have built a reputation for excellence and integrity, and our customers trust us to deliver quality services that meet their evolving needs. With a strong presence in key markets and a talented team of professionals, we're well-positioned to drive growth and value for all our stakeholders.

As we reflect on our extraordinary achievements during FY23, we do not rest on our laurels. Choice International Ltd is determined to lead the charge towards a future where financial inclusion is a reality for all, regardless of their location or background. With our strong and ever expanding network of Choice Business Associates, we will be able to increase accessibility of financial services across the country especially in the tier III and beyond regions.

In the recent quarters, the brokerage industry has experienced a notable shift in its structure. The focus has moved from aggressive client acquisition to maintaining profitability in the face of rising compliance costs, all while improving unit economics. Particularly in the retail broking segment, we have witnessed a significant increase in dynamism. The entry of new players, digitization, disruptive technologies, and regulatory changes have completely transformed the way business is conducted.

We ended the year with an active client base of 211k and a total of 680k demat accounts all while

maintaining our 16th rank this year as well, as per NSE's active (UCC) list. With the increase in financial literacy in the country and more awareness amongst the youth, we expect this number to increase in the coming years.

Mutual Fund industry has seen a surge in investor participation especially from the youth in the recent years. Factors such as favorable market conditions, strong performance of mutual funds, broad range of investment options and the availability of online investment platforms have contributed to the growth of AUM. We have expanded our fleet of products and offerings under this vertical to cover the entire gamut of services. This segment has seen a growth of 11% YoY with our monthly SIP book increasing to Rs. 43 million, representing a 39% YoY growth and is expected to expand more going forward. Additionally, we have witnessed a significant increase in the number of clients availing our wealth services, which has grown by 184% over the past three years.

Another core business vertical, which is Insurance broking has demonstrated significant growth this year and we are aggressively growing this vertical every quarter. We ended the year with around 17,171 policies sold and generating a premium of Rs. 535 Mn. We are proud to announce partnership with Government of Maharashtra under the Gopinath Munde Shetakari Accident Insurance Scheme to settle insurance claims. Under the scheme, we will be serving over 3 crore farmers in Maharashtra, which is in line with our vision of meeting the requirements of the underserved population of India.

The major highlight for FY23 for our Broking & Distribution business was our initiative to transform the 'Jiffy' App into a Super App 'Choice FinX' in October. With cutting-edge technology it provides a simplified investing experience for users. This has enabled us to offer users the ability to leverage and easily invest in a variety of financial instruments all in one place, which has led to the major growth in users in the second half of the financial year.

Our NBFC business, which was our prime focus this year is going to be one of the most growing business for the next financial year as well. This year we ended with a total loan book of Rs. 2,356 Mn and a growing retail loan book. We also started digital lending for retail during the quarter two with a focus on Tier 3-5 cities, which received a very encouraging initial response. Our retail Loan book stood at Rs 22.3 Mn within the first 15 days of launch. We aim to serve

the MSME sector and serve 10X more MSME customers in the underserved geographies in the next three years.

The Advisory business is standing strong and we have successfully won many projects this year and have maintained a robust order book in FY23. This is expected to grow in the coming financial years. Our focus is to assist the government in executing projects on the grassroots level. We are working closely with the government on their Mission projects to ensure the service delivery to the last mile beneficiary. We are poised for a higher growth with strong credentials, dignified talent pool and technology at core for operational efficiency in the upcoming quarters.

In today's fast-paced world, embracing digital innovation is not just an option; it's a necessity. At Choice International Ltd, we recognize the significance of technology in transforming lives and enhancing financial accessibility. That's why our major focus is on digital financial services product development.

As the CEO of this organization, I couldn't be prouder of our team's dedication and relentless pursuit of excellence. The past year has been nothing short of remarkable, as our company soared to new heights and achieved its financial objectives with resounding success. We have entered the new financial year with great enthusiasm and zeal.

Our journey has just begun, and the road ahead is brimming with possibilities. We owe our success to our esteemed clients, dedicated employees, and supportive stakeholders. Together, we will continue to drive change and build a legacy of empowerment that transcends generations.

Thank you for being a part of our journey, and we look forward to creating a brighter, more inclusive future for everyone.
