**PERFORMANCE REVIEW:**

The sluggishness in industrial activity in the country continued to prevail during the year under report. This has been aggravated by tight liquidity conditions and high interest liability on your company arising from devaluation of the Rupee. The severe competition from the foreign shipyards had an adverse affect on the volume of business attracted by the company during the year. As a result of these conditions, the gross revenue of the company has been somewhat less than that of the preceding year. The substantial drop in the net income was however solely due to issue of credit notes during the course of settlement of bills for ship repair raised during the earlier years. The Company Management made all out efforts to control and economize on expenditure, but inevitable increase therein has been because of the continued inflationary conditions.

During the year the company's operations continued to be under severe financial strain owing to the financial institutions having recalled their loans followed by withdrawal of working capital facilities by the company's bankers and settlement thereof. Despite these adverse circumstances, the Company was able to almost maintain the same level of business as in the preceding year, by finding the requisite capital from its internal resources.

All efforts were made by the Management to discuss with the Financial institutions the need to restructure the loans and repayment schedules, but, unfortunately, without any success so far. The financial constraint was further aggravated when the lead financial institution approached the Hon'ble High Court, Bombay, in Nov.1997 for the appointment of a receiver due to non-settlement of their dues by the Company. A receiver has since been appointed to take charge of the company's immovable and moveable assets.

World over, the ship repair industry is totally exposed to international competition. In order to ensure the viability of the Indian ship repair industry also, the Government of India should consider granting the same fiscal facilities

(such as availability of term loan funds at the international rates of interest), as available to foreign shipyards.

**DIVIDEND:**

In the light of foregoing, the Directors are unable to recommend payment of any dividend.

**FIXED DEPOSITS:**
