- (b) The Directors have decided not to recommend any dividend on equity shares for the year with a view to conserve the resources for future operations.

4. REVIEW OF PREVIOUS YEAR'S OPERATIONS:

- (a) Overall project activity in the domestic sector continued to remain relatively low. The energy sector, however continues to remain as a potential user of the Company's product. The company's Motibhoyan plant was evaluated for approval for supply of high pressure long length feed water heater tubes for 250 MW+ power stations in India and the results are expected to be favourable. The Company has also been approached for supply of instrumentation tubes in the domestic sector for high critical industries and we are hopeful that this approval will also come through. On the export front, the markets continue to remain relatively active and the Company was able to develop newer customers in various European markets as well as in the United States.
- (b) The Company's Wind Mills at Navadra Bhogat Near Porbandar produced 35.62 lac units of power with an overall productivity of 25% compared to the normal standards of other mills of 14-15%. The Company was able to convince the local power authorities to permit allocation of its wind mill power
