* Includes profit on sale of Ships of Rs. 294.04 lacs.

In view of the loss sustained by the Company, your Directors regret their inability to recommend any dividend for the year.

2. OPERATIONS :

During the year under review, the freight earnings and charter hire receipts amounted to Rs.6,995.83 lacs as against Rs.8,561.27 lacs during the previous year.

The world economy continued to remain sluggish during the year. The pronounced economic slow down had an adverse impact on the shipping industry, more particularly on the Dry Bulk Cargo segment, thus bringing down the freight rates. This is reflected in the average Baltic Freight Index, the barometer of the sentiment in the Dry Bulk Freight Market, which moved downward from 1242 in 1997-98 to 899 in the year 1998-99, representing a fall of around 28%. In line with the market trend, the freight earnings of the Company have also gone down by 20% as compared to the previous year.

However, despite the substantial drop in the earnings, the Company was able to contain its losses, primarily due to successful implementation of the cost reduction measures and strict control over operating expenses.

3. FLEET RATIONALIZATION :

The new building, a Mini Bulk Carrier of about 3250 DWT under construction at the Loutulim Shipyard of Chowgule & Co. Ltd., Goa, for which 100% Lease Finance is availed from State Bank of India, is expected to be delivered by end of 1999.

M.V. Maratha Prudence (1984 Built Handymax Bulk Carrier of 35493 DWT) was sold in December, 1998 to a foreign buyer. M.V. Maratha Convoy (1979 Built Mini Bulk Carrier of 3108 DWT) purchased in August 1990 was sold in December, 1998.

4. SUBSIDIARY :

The information relating to the Company's Subsidiary viz. Chowgule Steamships Overseas Ltd., Guernsey has been annexed to the Company's Balance Sheet as required under Section 212 of the Companies Act, 1956.

5. AUDITORS' COMMENTS :

With regard to the Auditors' comment in Para 2 of their Report in connection with the investment of Rs.63.03 lacs in the Equity Shares of Mandovi Pellets Ltd. (MPL), your Directors are of the view that there is no diminution in the value of this investment because (i) MPL resumed its manufacturing operations pursuant to IDBI's rehabilitation package based on viability study, and (ii) Long term nature of the investment. Accordingly, no provisions is considered necessary in respect of investment in MPL.

With regard to the Auditor's comment in Para 3 of their Report in connection with the provision for leave encashment on retirement, the accounting policy consistently followed by the Company for the previous years is to charge leave encashment on retirement to the Profit and Loss Account on cash basis. The same policy is followed during the year ended 31-3-1999 because of the peculiar nature of the employment terms and rules relating to the leave entitlement of the floating staff members where accumulation of leave on retirement cannot be accurately ascertained in advance.

6. INSURANCE :

The fleet of the Company has been insured against Marine and War Risks for about Rs.567 Crores.
