Your Company's operations during the year were impacted by reduced in flow of fresh orders due to the continued slowdown in Greenfield/Brownfield investment in customer segments where the Company is present. There was stiff competition in market place for the limited orders available and due to very low prices offered by competitors, Your Company was not able to secure any major order during the year.

In addition, there was pressure on liquidity front resulting from delayed payments by customers, which in turn affected the pace of execution of the ongoing projects. The depreciation for the year was at ₹ 435.85 lakhs as compared to ₹ 488.90 lakhs for the previous year. Due to lower volumes, the PBIT for the year was at ₹ 788.9 lakhs as compared to ₹ 1723.32 lakhs during the previous year. However consequent to reduced borrowings, the Company could bring down the finance cost from ₹ 1669.37 Lakhs in the previous year to ₹ 719.96 lakhs in the current year.

During the year, Your Company restricted the capital expenditure by utilizing the existing Plant and Machinery. The Company reviewed the requirement of the available plant and machinery based on the completion of certain projects and took efforts to dispose off specific surplus and used assets.
