DIRECTORS' REPORT.

TO THE MEMBERS,

Your Directors have the pleasure in presenting the 14th Annual Report and the Audited Accounts of the Company for the year ended 31st March 2002.

PROGRESS AND PERFORMANCE

The past year showed many ups and downs in the economy. The economy was picking up when the world had a shock of their lives with the dastardly acts of terrorism on September 11. There was complete chaos and the economy plummeted, and it took more than four months to start recovering. The entire industry worldwide, particularly Travel, faced the brunt of the economy's fall. It was only from February 2002 that the economy again started picking up. However, with terrorism showing its ugly head in the sub-continent, and chances of war looming up between India and Pakistan, the economy has become very unstable and unpredictable.

The sales achieved were Rs. 1783 lacs as against Rs. 1664 lacs for the previous year. Your Company produced 1881 M.T. of various types of springs as against previous year's 1726 M.T., an increase of 9.0%.

As in the previous year there was severe pressure for price reduction, and although your Company's production grew by 9.0%, the sales grew by only 7.2%.

Your Company developed springs for customers other than from the Automobile Sector. Although volumes are not there, this development has helped your Company to shift its main dependence from M/s Maruti Udyog Ltd. By adopting stricter process controls and setting benchmarks in various departments, your Company was able to achieve Profit before Tax (PBT) of Rs. 64.08 lacs as against Rs. 58.69 lacs for the previous year.

PRODUCTION DETAILS & FINANCIAL RESULTS

(i) Comparative production details:

Year	Production (M.T.)	Sales	
		Quantity (M.T.)	Value (Rs. in lacs)
1999-2000	1,622	1,623	1,580

Earlier Year Tax	0.13		
Net Profit	33.41	53.85	987.58

FUTURE PROSPECTS

The economy in the Indian industry is still very uncertain, and it has become very difficult to predict the future of the Automobile sector. There has hardly been any growth, with any increase in sales of one Automobile Company resulting in decrease in sales for another Company. Your Company does not foresee much growth in this sector in the near future, and with pressure for price reductions, the growth in sales would slowly become negative. Your Company has recently started focusing in the Railways and Defence sectors in anticipation to balance the expected negative growth in the Automobile sector.

So with the increase in requirements of springs from other customers, the Directors are confident that, barring unforeseen circumstances, your Company should be able to achieve a very conservative growth of 10% growth for the current year.

DIRECTOR'S RESPONSIBILITY STATEMENT

Pursuant to Section 217 (2AA) of the Companies (Amendment) Act, 2000, the Directors confirm:

1. That in the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures;
