Balance brought forward from the previous year	477	91
	<b>215,760</b>	<b>108,442</b>

\*1998-99 financial results pertain to merged operations of DSP Merrill Lynch Ltd. and DSP Merrill Lynch Securities Ltd., while 1997-98 operations pertain to the operations of DSP Merrill Lynch Ltd. only. The details of the merger are available elsewhere in this report.

### Dividend

Your directors recommend payment of dividend at the rate of Rs. 4 per equity share on enhanced equity capital of 11,250,000 equity shares (inclusive of 1,250,000 equity shares allotted to shareholders of the erstwhile DSP Merrill Lynch Securities Limited on its merger with your Company) aggregating Rs. 45 million. If approved, the dividend shall be paid to members whose names appear in the Register of Members as on 31st August 1999.

A dividend of Rs. 2,187,500 for the period 1st April, 1998 to 31st May, 1999 has also been paid on the preference shares allotted by your Company to the preference shareholders of the erstwhile DSP Merrill Lynch Securities Limited on its merger with your Company, in accordance with the scheme of Amalgamation sanctioned by the Honourable High Court, Mumbai.

### Transfer to Reserves

Your directors recommend transfer of Rs. 66,000,000 to the General Reserve. Additionally Rs. 43,100,000 has been transferred to a reserve fund created in accordance with the requirement of section 45-IC of the Reserve Bank of India Act, 1934.

### Market Overview

During the year, capital market activities remained subdued owing to continued sluggish industrial growth and political

uncertainties. However, significant activity took place in Mergers and Acquisitions, which your Company gained from.

The early months of FY99 witnessed net Foreign Institutional Investor (FII) outflows influenced by the Pokhran explosions, but sentiment improved towards the year-end. FII investment on 31st March, 1999 stood at US\$ 8.6bn, showing a decrease of US\$ 0.2bn during the year. The indices of the two leading stock exchanges i.e. The Stock Exchange, Mumbai (BSE) and the National Stock Exchange of India (NSE) lost around 4 % during the year. BSE market capitalisation stood at US\$ 129bn as on March 1999 compared with US\$ 142bn a year ago.

There was very little international issuance of debt or equity during the year owing to the imposition of sanctions following Pokhran tests and Moody's downgrade of India by two notches to sub-investment grade.

Despite the adverse environment, your Company maintained its leadership position in the Indian investment banking sector. This is borne by the fact that your Company was ranked the largest mobiliser of funds in the domestic markets in 1998-99 covering all types of issues and instruments (source: Prime Database). You will also be pleased to note that for the third year consecutively, *Euromoney* magazine voted your Company the 'Best Securities House in India' for 1998-1999, which is a fitting tribute to your Company's leadership efforts.

### Operations

The Indian financial system is continuously evolving and new challenges are emerging as markets are being further deregulated. Your Company is working towards meeting these new challenges and opportunities by concentrating on performance, configuring business plans with long-term strategies and assuring the best possible expertise for clients.

### Mergers and Acquisitions (M & A)

Your Company established a leadership position in M & A and advised on most of the notable deals transacted during the year. Some of the significant M & A transactions executed by your Company included :

GRASIM INDUSTRIES LTD. - INDIAN RAYON LTD.	:	The demerger of Indian Rayon's cement division into Grasim Industries Ltd., resulting in the formation of one of the largest cement companies in India.
LARSEN & TOUBRO LTD.	:	Rs. 2.9bn acquisition of Narmada Cement Company Ltd. by Larsen & Toubro Ltd.
INDIA CEMENTS LTD.	:	Rs. 4.45bn acquisition of Raasi Cements Ltd. by India Cements Ltd.

**ORISSA POWER GENERATION COMPANY (OPGC)** : US\$ 144mn OPGC privatization deal which was the largest M & A transaction in India until recently

**AIR PRODUCTS LTD.** : Rs. 4bn acquisition in Industrial Oxygen Ltd. by Air Products Ltd., the largest transaction in this sector.

### Equity Capital Markets

Despite severely depressed conditions in the primary equity markets in FY99, your Company successfully transacted and completed several equity offerings for valued clients. Your Company has preserved its ranking among the top equity mobilisers in the country. Some of the notable deals completed by your Company this year were :

**SONATA SOFTWARE LTD.** : Rs. 227mn software IPO, which was oversubscribed by more than four times.

**AIR FREIGHT LTD. (AFL)** : Rs. 220mn was the first private equity investment in the country by Bankers Trust, USA.

**SOFTWARE SOLUTIONS INTEGRATED LTD.** : Rs. 560mn equity issue, which was also the first issue through book building by a private sector company.

The last fiscal quarter began to witness renewed interest by Foreign Institutional Investors, largely on account of new software issues in the information technology sector, which performed well in the secondary markets. International equity issuance was confined to only one issue viz: divestment of the Government's share in Videsh Sanchar Nigam Ltd.

### Debt Capital Markets

Debt capital markets maintained a steady growth with interest rates showing a declining trend owing to low credit growth, while private placement of debt remained the favourite mode of raising capital. Indeed, besides financial institutions, several public sector undertakings, private sector corporates, banks and state governments accessed the capital markets for raising debt.

International debt issuance from India was virtually closed due to higher spreads for emerging markets and expectation of a weakening rupee.

Your Company was able to execute significant debt transactions for a wide range of issuers. Your Company is ranked amongst the leading arrangers of domestic debt issues and is unmatched in its reputation for innovation in deal structuring and execution. A few noteworthy deals executed by your Company during the year include :

**INDIAN INFRASTRUCTURE DEVELOPERS LTD. (IIDL)** : Rs. 4.09bn securitization for IIDL (a subsidiary of Larsen & Toubro Ltd.) which is, until now, the largest securitization transaction in the Indian capital market.

**WHIRLPOOL OF INDIA LTD.** : Rs. 500mn, debt offering by Whirlpool was the industry's first, that was credit enhanced by an offshore international bank. This was also the first issue to be structured and approved under the new guidelines for External Commercial Borrowings.

**BANK OF BARODA** : Rs. 6bn Bank of Baroda issue of fixed and floating rate subordinated bonds is the longest-maturity bank subordinated debt as well as the year's largest subordinated debt raising.

**GE CAPITAL SERVICES LTD.** : Rs. 750mn bond offering was the first floating rate issue in India linked to overnight call rates.

**HDFC LTD.** : Rs. 1.96bn bond offering was the first private sector issue where provident funds, superannuation funds and gratuity funds could invest.

Some of the other debt market transactions for which your Company acted as Lead Manager during the year were, issues for - Grasim Industries Ltd., Industrial Credit and Investment Corporation of India Ltd. (ICICI), Steel Authority of India Ltd. (SAIL), Reliance Industries Ltd., Birla Global Finance Ltd., Industrial Development Bank of India (IDBI), Infrastructure Leasing and Financial Services Ltd. (IL&FS), Andhra Pradesh State Electricity Board (APSEB), Konkan Irrigation Development Corporation, National Fertilizers Ltd., Nuclear Power Corporation of India Ltd., EXIM Bank, Vijaya Bank and Bank of India.

### Broking

Being one of the largest institutional brokers, your Company is committed to building strong relationships with all major clients, which include Foreign Institutional Investors (FIIs), Domestic Financial Institutions (DFIs), mutual funds, and banks. In the past year, FIIs continued to be significant players in the secondary market and remained the main source of revenue for your Company. Additionally, with the expansion of the Demat segment, secondary market trading has gained momentum in the past year and will, in the future, prove positive for the broking business.

In its efforts to achieve the highest levels of excellence in processes, on a par with international standards, your Company has been concentrating on closer integration with Merrill Lynch's Sales & Research teams worldwide. Your Company will continue to invest in Information Technology and solutions to achieve greater efficiency in operations and provide quality service to clients.

#### **Primary Dealership**

Your Company has been appointed as a Primary Dealer in Government Securities by the Reserve Bank of India and has commenced the business from May 1999.

#### **Research**

Your Company's initiatives taken over the last few years to upgrade the quality of research products are now bearing fruit. The research team works closely with Merrill Lynch, and its products are on a par with international standards. This is reflected in the research rankings, where your Company has been ranked among the top 3 in most of the well recognised surveys such as - *Greenwich* and *Institutional Investor*. The Research team is currently focusing on further expanding the depth and breadth of its coverage. Your Company believes that such initiatives will consolidate our position further as a superior research house and this would translate into greater benefits for international as well as domestic clients.

#### **Year 2000 (Y2K) Readiness**

The primary focus of the Technology department of your Company during this year has been to overcome Y2K issues to enable seamless business continuity after the millennium. The Company has a dedicated team of Y2K experts and existing technology resources to mitigate the risks associated with Y2K.

All systems of your Company ranging from servers, desktops, routers, hubs, audio and video equipment and applications have been rigorously tested for Y2K compliance.

Your Company has taken the initiative to manage Y2K related risks. As the Company relies upon external parties for its business, the latter's systems failure led by Y2K incompatibility can present material risks to your Company. Your Company's business risk assessment team has already identified key market participants and is now in the process of assessing their Y2K programs.

The Y2K team is also involved in business contingency planning. The purpose of these plans is to establish workable and effective solutions to allow business to continue to operate at an effective rate in the event of failure of one or multiple business systems.

Information Technology units are presently working to test and verify all the contingency procedures under real world conditions in order to prove their effectiveness. Documentation and testing of these procedures are underway and will be completed shortly.

The total sum being spent on the Y2K program is not likely to be significant.

#### **Merger of DSP Merrill Lynch Securities Ltd. (DSPMLSec) with the Company**

Pursuant to the order of Honorable High Court, Mumbai dated 7th April, 1999, DSP Merrill Lynch Securities Ltd. (DSPMLSec) was merged with your Company with effect from 1st April, 1998. Consequently, consolidated annual accounts of both the entities for FY99 have been presented in the report. N.M. Rajji & Co., Chartered Accountants advised the Boards of both companies on valuation and in accordance with the Scheme of Amalgamation approved by the Honorable High Court, Mumbai, one equity share of your Company was issued in exchange for every four equity shares of DSPMLSec. to shareholders whose names appeared in the list of members of DSPMLSec. on 24th May, 1999.

Similarly, 1,250,000 preference shares carrying dividend @ 15% p.a. were allotted to preference shareholders of DSPMLSec., whose names appeared in the Register of Preference Shareholders on 24th May, 1999, in the ratio of one preference share for every one preference share held by them in DSPMLSec. The preference shares were redeemed on 1st June, 1999 together with dividend thereon until 31st May, 1999.

#### **Subsidiaries**

##### **DSP MERILL LYNCH ASSET MANAGEMENT (INDIA) LTD. (DSP MLAM)**

The audited statement of accounts for the year ended 31st March, 1999 of DSP MLAM together with the report of the Directors and the Auditors, as required under Section 212 of the Companies Act, 1956 are attached.
