Corporate Update, Operations and Future Outlook

The Indian economy has slowed down mainly due to global slowdown, policy paralysis at the centre and weakening industrial growth. Economy grew at mere 6.5% in the financial year 2011-2012. Twin deficits, sticky inflation and depreciating currency have worsened the macro. Rising global commodity prices and supply side constraints have kept the pressure on inflation. This leads to more than expected monetary tightening and delayed the easing process. High interest rate and slow growth led to a decline in the growth rate of investment. We expect growth to further moderate to 6.2% in the financial year 2012-2013. Euro debt crisis and further slowdown in developed economies remains a key risk.

After a range bound markets during the financial year 2010-2011, the financial year 2011-2012 continued to see a tepid interest for the Indian equity capital markets. Indian stock market underperformed some of the key global and regional markets and yielded a negative return of 10% during the financial year 2011-2012 as against a return of 11% in the financial year 2010-2011. The secondary markets saw a muted interest from the institutional investors. During the year, led by some late buying, FIIs bought ~US\$9 billion of Indian equities as compared to ~US\$24.2billion in financial year 2010-2011. Domestic institutional investors continued to be negative on the markets and were net sellers of ~US\$840 million during the last financial year. Activity in primary markets was also relatively calm with equity raising during the year at ~US\$9 billion compared to a strong ~US\$17 billion in the previous year. Likewise, M&A volumes also declined with announced cross border volumes falling from ~US\$77.9 billion to ~US\$27.2 billion in the financial year 2010-2011.

Licenses

During the year under review, the Company decided to surrender membership of the OTCEI exchange due to lack of any business activity. The Company has completed the surrender formalities of the OTCEI license and has also obtained permanent license to act as a Depository Participant [DP] of NSDL from SEBI, the same was obtained consequent to the expiry of the existing DP license.
