DIRECTORS' REPORT

Your directors have pleasure in presenting this 125th Annual Report together with the Audited Financial Statements of your Company for the year ended March 31, 2015.

ECONOMIC SCENARIO

The global economic environment in recent years has been challenging which coupled with slowing growth in some of the leading global economies has impacted currencies all over the world. However, despite unpredictable headwinds, the global economic recovery seems to be gaining momentum. Specifically, the recovery in the United States was stronger than expected, which provided momentum for the global economic recovery.

After a tepid start by India's economy in FY 2014-15, there was a shift to positive sentiments led by commitments from the newly elected Government at the Centre. FY 2014-15 was indeed a year of transformation and optimism for the Indian economy.

The new government has ushered in an era of hope and development, and a vision to create a robust economy for India. An initiative that has particularly galvanized the entire country is 'Make in India' led by our Hon'ble Prime Minister. This campaign is designed to transform India into a global manufacturing hub.

India's economy is in the midst of recovery with lower fiscal and current account deficit and structural reforms to boost investments. The Indian economy is expected to grow @ 7.5% in 2015-16 (as per the World Bank) and is expected to reach around 8% by 2017. While the various steps are being taken to de-clog the growth, it is expected that the government's reform agenda will spur economic growth and increase business sentiment this fiscal year.
