DIVIDEND

Your Board is pleased to recommend a Dividend of 2000% for the year 2007 and the out flow against the same will be Rs.353 Million.

PERFORMANCE OF THE COMPANY

The year under review has been again a major growth year for your Company.

A turnover of Rs. 933 Million has been achieved in 2007, registering a growth of 40% over that of the year 2006. Your Company achieved a PAT of Rs. 182 Million registering a growth of 34% over 2006 on a like to like basis.

Many significant projects were executed during the year, which have again established the competitive advantages your Company enjoys in the market.

The year under review has been a good year for your Company. While the results have been higher than the Budgets, a number of initiatives have also been implemented in the areas of Manufacturing, Supply Chain and Human Resources to meet the future challenges faced by the Company.

With most foundries continuing to be in an investment mode, your Company has been successful in obtaining repeat orders from many of the existing customers, while a number of new customers have been added during the year.

Restructuring of the organization and re-engineering of key

business processes are being implemented to meet challenges in the market place for the coming year. However, the Management is also seized of the increasing competition in the market place and is taking several steps to retain its leadership position in the Indian foundry market.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Your Board is pleased to report that the Company has exceeded the targets for all the three Major Product Lines - Moulding, Shot Blast and Filters.

Your Company has depended significantly on outsourcing of major fabrication activities to meet this demand growth. In the equally overheated vendor capacities situation, this outsourcing has come at a price and this has impacted margins.

While the outsourcing will continue to be high, a need for capacity addition was getting obvious. As such, your Company initiated further expansions at both the manufacturing units i.e. Tumkur and Hosakote - to meet the growing demand. The Tumkur expansion comes on top of the expansion carried out in Y2006.

To meet the Supply Chain challenges, a New Office in Peenya - a major hub of Company's suppliers - was started in April'07 and the team has been strengthened there. The same facility also houses a Warehouse for the Spares Parts Business.

With the expansions, your Company has decided to consolidate the Shot Blast Range of Equipment with the Filters range, at the Hosakote facility. The Tumkur facility would be consolidated to focus on the growing demand for Moulding Product Range.

The Company has adequate internal control systems as part of the Management Information System in place. Regular Audits are being conducted on all fronts by the Statutory and Internal Auditors.

BONUS DEBENTURES

It may be recalled that your Company had issued Bonus Debentures of the face value of Rs90/- each to all the members in the ratio of one for every one fully paid up Equity Share of Rs10/- each held.

The final redemption of debentures took place on 4th Oct 2007 as per the terms of issue of Bonus Debentures. Your Company is still awaiting surrender of original certificates from certain debenture holders to facilitate despatch of redemption warrants. The debenture holders are advised to take note of this and submit the original debenture certificates. Any unclaimed amount on this account will be transferred to IEPF as per law after lapse of prescribed time limits.

DELISTING

The Shareholders may recall that a Special Resolution was passed at the last Annual General Meeting on the Delisting proposal based on the communication dated 20th March 2007 received from Disa Holding A/S, Denmark in terms of the prevailing Guidelines of SEBI. The said proposal did not materialize in view of the rejection of the discovered Price.
