Vision

To contribute significantly to building the new India and to become the world's most valuable real estate company

Mission

To build world-class real-estate businesses across five business lines with the highest standards of professionalism, ethics, quality and customer service

Message from the Chairman

Dear members

I would like to take this opportunity to welcome you to the DLF family. Your support and confidence in us is integral to DLF achieving its vision of helping build the new India.

India is growing at a 9.4 percent GDP growth rate (2006-07) and is poised to grow further. Rising consumer incomes, burgeoning corporate profits, massive investments, increased FDI and higher government spending on infrastructure have all contributed to this growth.

The real estate industry is both a driver and beneficiary of India's success story. Since the industry is growing at over two times GDP, we expect a 20 per cent per annum sustained growth. Significantly, this growth has been and will be in all segments of the real estate industry and across all towns and cities in India. This makes for an exciting future for your Company.

DLF is fortunate to be a leader in all segments of the real estate industry - homes,

offices, malls, and soon in hotels, industrial and infrastructure. The Company plans to expand across all geographies, while continuing to focus on metros and super metros. The opportunities available in building India are immense and we are certain that we possess the intrinsic strengths to achieve our aspirations.

What will help us to get there is our core strengths:

- An established and trusted brand name for over six decades
- A strong and loyal customer base in all segments
- Rich experience in securing regulatory approvals in a compliant and transparent manner
- A 10-year plus development pipeline that gives us a significant competitive advantage
- Only 7% of all land development potential accrues through development rights in land owned by 3rd parties

DLF leads and sets the benchmark for a fast-growing sunrise industry and is determined to live up to all its stakeholders' expectations.

- Strategically located high value and diverse mix of projects under execution
- Diversity of business lines, geographies and value segments/product mix, along with benefits of scale gives DLF the ability to weather industry volatility
- A talented, committed and experienced workforce that has doubled in strength over the past year
- Best in class partnerships across all segments to support our growth and execution strategy
- Strong financials with a large asset base and minimal leverage
- Our strategy focuses on achieving an optimal mix of short-term development income and long-term lease income across our businesses

In order to achieve both focus and scale, we have organised ourselves into several business units, each of which is equipped to

function independently. Each business unit has regional sub-units, which possess the necessary skills and resources to identify, acquire, develop and execute opportunities in their geographies. In addition, we have set up strong central corporate functions to support the business units.

DLF leads and sets the benchmark for a fast-growing sunrise industry and is determined to live up to all its stakeholders' expectations, including shareholders, customers, governments and all members of the communities we operate in.

We do hope each and every member of the DLF family will get an opportunity to participate in and prosper from the building of a new India.

Thank you.

K.P. Singh
