

From the CEO's desk....

Dear Shareholders,

The Digitalization and the Connectivity have become integral part of automotive industry. The Digital Market Place embraced by the automotive OEMs presents a unique opportunity for our company. Our vast experience as a telematics hardware supplier along with our expertise in the cloud based software applications positions us to play a significant role in the automotive digitalized connectivity space.

In the Connected Vehicles market place, our telematics hardware offers a wide variety of features to make the vehicle smarter. We facilitate services like vehicle diagnostics, proactive maintenance, driver behavior, accident notification, vehicle tracking and internet connectivity just to name a few.

As presented in Roland Berger Connected Vehicles 2017 report, the telematics space is still at a nascent stage in India. The key characteristics of the Indian market is a) Dominance of Commercial Vehicle sector b) Use of basic services.

The CV telematics market is expected to grow at 25% per annum, mainly led by after-market segment and entry level solutions.

The revenue in the "Connected Car" market in India is expected to grow from about 650 Million USD to about 2.5 Billion in 2020. The Safety & Driving assistance revenues are expected to grow about 39% CAGR while Diagnostics & Maintenance is expected to grow at 85% CAGR.

In the CV telematics market, APAC is the second largest market driven by countries such as India, China and Japan. By 2022, APAC is expected to be the leading contributor to global commercial vehicles telematics market.

With our industry knowledge and the innovative solutions developed by our exceptionally talented workforce, Danlaw enables our customers to achieve a greater value chain coverage.

We have reached an exciting stage for our company and we are poised to play a significant role in the Connected Vehicle market place.

Danlaw's acquisition of Titan Timeproducts Limited (TTPL) is expected to reap significant financial and strategic benefits far in excess of the acquisition cost. The acquisition was motivated primarily by the advantages to be accrued from TTPL's state-of-the-art EMS facility located in Goa. The plant has robust manufacturing infrastructure capabilities with strong quality systems and all required certifications in place, enabling it to serve a wide range of sectors. Access to such a readymade facility will save immense time and effort for Danlaw and will provide it with immediate access to the Indian market, both for existing and new customers. It will also provide Danlaw with a manufacturing base for its own products and will help in backward integration.

Going forward, a manufacturing base in India will unlock significant value from the rapidly growing Indian auto components industry which is valued at \$43.5 Bn today and is expected to grow four-fold by 2026, becoming the third largest globally. Given the increased pace of global OEM sourcing from India as well as increased indigenization of global OEMs, a local manufacturing base will help Danlaw leverage the growth of the Indian as well as global auto industry. Cost-effective manufacturing, a large pool of skilled and unskilled workers, proximity to key auto markets in Europe and availability of abundant raw materials, all make India an ideal manufacturing base. We believe that the global move towards new technologies in the auto industry and a superior manufacturing base will generate new opportunities for Danlaw..

Summary of financial results:

- Total revenue 1892 lacs as compared to 1258 lacs of previous year
- Profit before tax of 161 lacs vs.160 lacs in previous year
- Danlaw Technologies Inc. our US WOS:
 - Total revenues of \$528 thousand US Dollars
 - Income from Operations \$59 thousand USD

In conclusion, I would like to place on record the management's appreciation of the contributions made by our highly skilled and talented employees at all levels. We certainly thank our customers, vendors and our bankers for their support during the year.

I thank the Board of Directors for their continued guidance.

We take this opportunity to thank all the shareholders of the company for their trust in us.

Best Regards,
Sincerely Yours,
