MANAGEMENT DISCUSSION & ANALYSIS REPORT

Industry Structure & Developments

The company is a non-banking finance company, a segment, where scope for growth always exist, because demand for finance has only seen an upward trend during last about a decade. This seems to continue, however, appropriate risk calculation and management is the key factor in designing and maintaining finance portfolio.

Segment-wise & Product - wise performance

The company belongs only to one segment, however, it has been deploying its resources into hire-purchase, securities trading, loans and advances. The company management has consolidated its activities for improving operating efficiencies during the year under review and has increased its profitability.

Outlook

The company management has adopted certain strategic measures in trimming the expenditure account. There has been substantial savings in interest outflow and various other expenditure heads and there is almost a break even in share trading operations as compared to previous year where the company incurred substantial loss in securities trading. Investments of the company have also been strategically redesigned and thus, your directors are hopeful of a better financial performance in the year to come.

Risk & Concern

Profitability always gets affected on account of continuing decline in saving and interest rates and growing competition from large network finance companies and consumer service banking institutions.

Internal Control System and its adequacy

The company has adequate internal control procedures in commensuration with its size and nature of business at all desired levels.

Discussion on financial performance with respect to operational performance.

The financial performance of the company under reported circumstances have been directly related to efficiency in all areas of functional management such as marketing, human resources and finance. At present all these functional areas seem to be working in tandem and in unison and the majority of its credit goes to the deft managerial tactics and apt financial management by company's board.
