MANAGEMENT DISCUSSION & ANALYSIS:

INDUSTRY STRUCTURE & DEVELOPMENT:

The Indian Economy has seen a huge growth in the overall economy and Electronics Sector is also reflecting the same. The Lighting Industry has great prospects in the Country. With more and more Electrification of the rural India and growing activities in the Infrastructural Developments of the country. The increase in the demands for the products of the Industry will grow in a geometric progression. Moreover increased attention of the consumers is drawn to the modern sophisticated and luxury items while the traditional items continues to rule the mass market. Your Directors are happy to announce that your Company has got approval from the Bureau of Indian Standard for our copper choke, we further inform that we have also got DGS&D rate contract which will help us to grow further in the years to come. Your Company is getting a very good business volume from various department of Government of India because of this approval of DGS&D rate contract. Your Company has made technical collaboration with Korean Company for manufacturing of Lighting Products. It has also stated importing of various electronics items and selling the same in domestic areas. There has been a huge demands of those products thus your Company is very much optimistic about its future developments.

OPPORTUNITIES & THREAT

The Filament manufacturing Industry was in its infancy till recently . The Lighting Industry in the Country had to depend on the import of filaments from the developed countries in the west. In fact, the Lighting Industry in the country had been dependent on a few Large scale producers generally controlled by multinational giants. But with the growing support of the Central Government for indigenous industry with import of necessary technical know-how, the medium sized producers have a wide scope and opportunities to grow.

OUTLOOK:

Barring some unforeseen circumstances, the Company is committed to grow with progressively improved profitability and import of more and more modern technologies.

RISK & CONCERN:

Your Directors do not foresee any immediate risk as such. Yet the following factors may influence further prospects to some extent:

- (i) fluctuation in Budget allocations for infrastructure Developments affecting the growth in the demand for Lighting products ; and
- (ii) Intensity of the price war imported by new entrants from other Asian Countries, specially China, USA and Korea.

RESEARCH & DEVELOPMENT :

The Company is in the process of setting up a more modern Research & Development centre with necessary state of the art laboratory facilities. The new setup will be exclusively engaged for development of a new range of value added products.

Your Company has been obtained ISO 9001-2000 for maintenance of international quality standards.

ANNEXURE 'A'**MANAGEMENT DISCUSSION & ANALYSIS: (Contd.)****INTERNAL CONTROL:**

The Company has proper and adequate system of internal controls commensurate with the size of the Company and the nature of its business. Regular Internal Audits and checks are carried out to ensure that the responsibilities are executed effectively and that adequate systems are in place.

HUMAN RESOURCE DEVELOPMENT & INDUSTRIAL RELATION:

The Company continues to maintain excellent Industrial Relations while ensuring continuous development of Human Resources through appropriate training and Educational Programmes towards achieving improved productivity and flexibility in production and marketing.
