CHAIRMAN'S SPEECH

25th September 2018

Dear Shareholders,

On behalf of the Board of Directors, I am glad to welcome you to the 28th Annual General Meeting of your company. Your continued trust, encouragement and support are what gives us energy, enthusiasm, confidence and motivation to continuously strive for improvement.

India continues to be among the world's fastest growing major economies, despite temporary hiccups caused by demonetisation and goods and services tax (GST) implementation. The country's GDP growth is pegged at 6.7% in 2017 and likely to accelerate to 7.4% in 2018 and 7.8% in 2019. The Indian economy is looking at brighter side ahead with revival of domestic demand in most sectors which has further boosted output of both manufacturing and services. Per capita growth rates "are strong" and are expected to help bring down poverty in coming years.

India's economy grew at an impressive 8.2 per cent in the first quarter of 2018-19 financial year ending June 30 on the back of a strong core performance and a healthy base. India's growth is expected to pick up further to 7.60% in 2019-20 as efforts to strengthen the banking system and continued corporate deleveraging are likely to bolster private investment.

NBFC Services in India:

NBFCs (Non Banking Financial Companies) play an important role in promoting inclusive growth in India, by catering to the diverse financial needs of bank excluded customers. Further NBFCs often take lead role in providing innovative financial services to Micro, Small and Medium Enterprises (MSMEs) most suitable to their business requirements.

NBFCs do play a critical role in participating in the development of an economy by providing a fillip to transportation, employment generation, wealth creation, bank credit in rural segments and to support financially weaker sections of the society. Emergency services like financial assistance and guidance is also provided to the customers in the matters pertaining to insurance.

NBFCs are financial intermediaries engaged in the business of accepting deposits, delivering credit and play an important role in channelizing the scarce financial resources to capital formation. They supplement the role of the banking sector in meeting the increasing financial needs of the corporate section delivering credit to the unorganized sector and to small local borrowers. NBFC are bound by the Indian Banking Industry rules and regulations.

NBFC focuses on business related loans and advances, acquisition of shares, Stocks, bonds, debentures, securities issued by government or local authority or other securities of like marketable nature, leasing, hire purchase, insurance business, chit business.

The role of NBFCs is critical and their presence in a country would only boost the economy in the right direction. Your Company being a NBFC, though small is contributing towards this by engaging in the above business and through financing & leasing arrangements. During the year 2017-18, the Company's income was Rs.374.75 lakhs with a profit of Rs.139.11 lakhs. The profits are being ploughed back to increase its range of financial services to conform to RBI's requirement for a NBFC. In the first quarter of 2018-19, your Company has been able to continue to report a satisfactory performance of Rs.4.72 lakhs profit.

I take this opportunity to convey my gratitude to my colleagues on the board for their co-operation and help during the year. I thank for every member of Dharani Family for their dedication and hard work. I thank the bankers, for their support and continued patronage. I gratefully acknowledge the support received from Government departments both at the central and state levels.

Before I close, I place on record my deep appreciation for the dedication and hard work put in by all employees of your Company. Once again I thank you all.

With the Positive feeling, let us commence the proceedings of the Annual General Meeting.
