YEAR IN RETROSPECT

The untimely demise of two of the promoters in the year 2000 who were looking after total affairs of the company predominantly production, development and marketing, there was total vacuum in the management and operation of the company. Compounded with the loss incurred during the two financial years 2000-2001 & 2001-2002, the company had no other alternative but either to sell off the company as a going concern or to sell manufacturing facility by way of slump sale with a view to stop further erosion of capital in the beneficial interest of the shareholders. The Company received various proposals and found the proposal received from M/s. Vesuvius India Limited, Kolkata for acquisition of manufacturing facility under slump sale most favourable. Accordingly, disposed off manufacturing facility viz crucible manufacturing business to M/s. Vesuvius India Limited, Kolkata at a consideration of Rs. 3.89 crores excluding the liabilities such as secured loans and unsecured loans, gratuity, compensation/ retrenchment of employees/workers and other miscellaneous liabilities and a sum of Rs. 1.23 crores towards business support service fees. Thus, the company was able to liquidate total secured and unsecured loans and other liabilities and has surplus balance.

As there is no business operation at Mehsana, Gujarat, the company has decided to shift the Registered Office from the state of Gujarat to the state of Maharashtra. In this behalf, an application/petition for proposed shifting will be made to the Company Law Board/Central Government in due course.

Thereafter, the company will decide the line of action in the interest of the shareholders and communication will be made to you hereinafter.

DIVIDEND

The company's business operation stopped since March, 2003. Although, at the year end there is available surplus due to sale of assets by way of slump sale, however, the working result shows loss. Therefore, the Board of Directors, as a prudent policy do not recommend any dividend for the year under review.

INSURANCE

The building, plant and machinery, equipments and stocks in trade have been adequately and appropriately insured till March, 2003.
