Religare is a Latin word that translates as 'to bind together'. This reflects the integrated nature of the services the company offers. The name is paired with the symbol of a four-leaf clover, a rare mutation of the common three-leaf

clover. "HOPE-TRUST-CARE-GOOD FORTUNE", are all elements that perfectly combine the emblematic and rare, four-leaf clover to visually symbolize the values that bind together and form the core of the Religare vision.

Technova has been chosen to represent the company's commitment to innovation and excellence in the technology business. This name has been chosen to reflect the integrated nature of the services that the company offers as well as the partnership model it follows.

The symbol of Religare Technova circle stands for balance and synchronization and our commitment to quality and wholeness. The symbol represents complete customer centricity and our aim of insulating our customers from environmental risks.
