CHAIRMAN'S MESSAGE

Dear Shareholders,

We had seen a tough year for soya processing industry due to high prices of raw materials resulting into disparity of crushing margins during major part of the year. This resulted in low capacity utilization of about 50% in the Soya industry during the year. (Source: SOPA...)

Your Company, however, had some advantage in timely sourcing of raw materials that resulted into an increase of more than 65% in Net Profit before depreciation & Interest to ₹ 3.76 Crores from ₹ 2.28 crores last year and increase of more than 1000% in Profit after Tax from ₹ 5.35 lacs to ₹ 62.16 lacs. Your Company also undertook measures to export its products directly and successfully exported 6023 MT of DOC (₹ 13 Crores) to Vietnam during the year.

Your company has taken initiatives to set-up online connectivity between plant & corporate office through ERP system. It will improve the availability of the data and information system of the company.

Your Company has also commenced its expansion Project of setting up 100 TPD of Edible Oil Refinery with Packing Plant, Lecithin, Acid Oil Plant along with Boiler, DG set and installation of 10000 MT silo with complete material handling & aspiration system, weigh bridge. The cost of setting up refinery along with 10000 MT of Silos and Weigh Bridge etc. is expected to be about ₹ 17.50 Crores for which the Bankers have already sanctioned the loan and the Project is expected to commence commercial production by October, 2010. This expansion is expected to result into substantial increase in the turnover and profitability of the company.

In the end, I would like to thank all my colleagues, customers, suppliers and bankers for their support, commitment and understanding through the year that has helped reach the company to its current level of operations. I would also like to thank our shareholders for the trust they have reposed in the Company over the years and look forward to their continued support and guidance.
