Dear shareholder,

Warm greetings to you!

It is my pleasure and privilege to communicate to you through this annual report. In spite of arduous defies on several fronts we are able to reform the year 2013-14 to another eventful and successful year in our passionate journey towards sustainable development. Our performance in totality has been encouraging and on the financial front, I'm proud to announce that despite the volatile market conditions, our revenue has grew by 37.31% and we are able to report a quantum leap in net profit, by 54.05 %, the highest-ever net profit since its inception. This spectacular achievement is the result of our operational excellence and goal oriented efforts.

It is evident that our products has gained greater and wider acceptance which backed us to get orders from institutional buyers like Sate Road Transport Corporations. Besides the dealer networks, our services to cater indigenous retreading requirements have been further supported by franchise partners. Towards our international reach, we are able to explore various international markets like UAE, African Countries, Nepal, Bangladesh, Bhutan etc.

Since the tyre retreading gives better road performance than new tyres at an absolute minimum fiscal impact, this industry has gained greater acceptance and better position in tyre replacement market. Retreading has other distinct advantages like prolonged tyre life, prevention of premature disposal etc. which leads to saving of energy and natural resources. Hence tyre retreading effectively addresses the environmental apprehensions and has become an ecological as well as economical choice.

Currently Eastern Brand has emerged as a premier tyre retreading solution provider with quality products and manufacturing facility in tune with market necessities. We're equipped to cater the market requirements by supplying products to cover all stages of the retreading process of every tyre size of all vehicles. This has made our brand a favourite for major retreading companies and RTCs in our indigenous and international markets and now we are competing with multinational branded tyre manufacturers who have recently entered into this industry.

Similar to international scenario our native market is also moving towards branding of tyre retreading products and we have actively taken various brand building exercises like introduction of new face to our website and logo towards better brand visibility, fleet owner's campaigns, ads etc. In this dynamic industrial environment our future growth prospects are associated with our ability to cater our consumer expectations. In this juncture I'm confident that we have bright future and ability to deliver better results to all our stakeholders.

In this scenario, I would like to thank our biggest resource and asset, our employees for taking concomitant efforts to achieve our goals and targets through significant efforts, goal oriented hard-work and commitment. I'm confident that this young and dynamic Eastern Team will drive us towards greater heights notwithstanding the challenges that may arise in future.

Let me take this opportunity to express my sincere appreciation to my colleagues on Board for their immense contribution and cooperation in charting a road map. Before I conclude, let me also express my gratitude to our Customers, Business Associates, Suppliers, Bankers and Statutory Authorities. Let me thank all of you for your continued confidence and support.

With warm regards

Navas M Meeran
