Ecoboard Industries Ltd.**

CMD's Communique

Dear friends,

I have been communicating with you through this message board for quite some time. This time I am happier to deliver this communique as the period starting from 2007 is proving special for our company and has brought immense opportunities before us in terms of growth and expansion. The period also has shown us generation of sufficient funds for distribution of dividends after unfortunate gap of over 10 years. I am therefore deeply pleased to present this year's Annual Report to you.

This year, the company gave good results in terms of volume of sales and profitability. Your Company was successful in paying off the dues to the financial institutions and banks for their project term loans in the last year itself and is now positioned as strong player in the market with low cost of production and economy of scales. These strengths shall go long way in securing pivotal role for your company in the market place for Particle Boards.

Your directors have decided not to stop at the growth story of bagasse boards only and decided to leverage and exploit company's strength by seeking opportunities in backward and forward integration of business activities in the areas such as construction of green buildings, conservation of energy, non conventional renewable energy development, Bio-fuels, ethanol, Bio-technology, Bio-Systems and related activities. Company's expansion plans would be communicated to you in course of time.

There is a sideline story to above and that is the Indian and global economy is passing through phase of uncertainly and unpredictable risks. Fueled by unprecedented rise in oil price, the world is now seeing inflation rates that have not been seen for so many years. This has given rise to urgent need of supporting environment friendly products and technologies. Your company has chosen a path that would lead to success with your help.

I take this opportunity to express my sincere gratitude to all the stakeholders, Central and State Government and all other regulatory authorities/agencies for their continuous valuable support. I also want to appreciate my colleagues and our employees for their dedicated efforts and sincere commitment towards the betterment of the Company. I am grateful to you for your co-operation and the trust you have reposed in us.

With warm regards,
Thanking you,

V. S. Raju
