Financial Highlights

DIRECTORS' REPORT TO THE SHAREHOLDERS

The Board of Directors have pleasure in presenting the Twenty Fifth Annual Report along with the Audited Accounts for the year ended March 31, 2007.

FINANCIAL RESULTS

Indian economy continued to be buoyant with a GDP growth of more than 9% for second year in succession. Based on this, overall business environment has been quite upbeat in the country.

On the back of a strong economy, your Company has put up a record performance in the year 2006-07 with total revenues of Rs 2250 Crs as compared to Rs 1890 Crs in the previous year with a growth of 19%. Profit before interest, depreciation and income tax amounted to Rs 142.3 Crs against Rs 96.2 Crs in the previous year. After providing for interest of Rs 13.8 Crs and depreciation of Rs 40.6 Crs, net profit before tax was all time high at Rs 87.9 Crs recording a growth of 167% over previous year profit before tax (before exceptional items) of Rs 32.9 Crs.

The financial results are summarized below: -

	(Rs. in crores)	
	2006-07	2005-06
Total Revenue	2249.9	1889.7
Less : Excise duty	270.7	213.6
Net Revenue	1979.2	1676.1
Operating profit before depreciation, interest and exceptional items	142.3	96.2
Interest	13.8	16.5
Depreciation	40.6	46.8
Profit before tax (before exceptional items)	87.9	32.9
Exceptional items	-	166.7
Profit before tax	87.9	199.6
Provision for tax (including fringe benefit tax, deferred tax write back and MAT credit entitlement)	26.6	(17.3)
Net profit after tax	61.3	216.9
Earnings per share		
- Basic	21.81	77.20
- Diluted	21.77	77.20

EBIDTA margins have improved during the year to 7.2 % as compared to 5.7 % in the previous year. This has happened as a result of sustained efforts on cost reduction front coupled with better realizations and product mix advantages. Overall material cost as a % to net sales also reduced by 157 basis points.

All three main businesses of the Company have generated profits with profit before interest and common costs of Rs 86.2 Crs in Commercial Vehicles business, Rs 1.2 Crs in Two wheelers business and Rs 5.7 Crs in Components (including Gears) business. The business of Engineering Design Services is still in the nascent stage and holds good potential for future.

DIVIDEND

An interim dividend of 290% including a one time special dividend of Rs 250% was declared in March 2007. The Directors recommend that the same be considered as final dividend.

Buses market in 16T and above segment grew by 4.0% to 24727 Nos during the year as against 23772 Nos in the previous year. We made good progress by selling 552 Nos as against just 175 Nos in the previous year. Your Company made successful entry in the State Road Transport Undertakings by bagging a prestigious order from BMTC, Bangalore.

Exports:

Your Company exported 2000 vehicles during the year as against 1605 Nos in the previous year with a growth of 24.6%. Exports to South Asia, West Asia and some African countries continued. Several new products were introduced including a CNG Truck, new look Cruiser bus, Buses on HCB platform and Tippers. SKD/CKD operations were started in Kenya and Mauritius in addition to Egypt. This should bring in more volumes in the coming years.

Overall for the year, your company has sold 28072 vehicles during the financial year 2006-07 with a growth of 18.9% over the preceding year. Total revenue at Rs 1891 Crs grew by 24.8% as compared to Rs 1515 Crs in the previous year.

TWO WHEELERS

The Two-wheeler industry registered a growth of over 18% during the year with motorcycle segment growing by 14 %. Your company, which operates in the power segment with engine capacity of 350 cc and above, recorded its highest ever sales of 32612 motorcycles as against 30777 motorcycles in the previous year registering a growth of 6%. Sales could have been more but for capacity constraints in the

last quarter. As a result, dealer inventory has almost been squeezed out with retails exceeding wholesale by more than 1500 motorcycles.

Export sales have recorded 2233 motorcycles in 2006-07 as against 2345 Nos in the previous year. A major order from Germany that could not be serviced in the current year has been carried over to the next financial year.

Total revenue for the year at Rs.229 Crs grew by 10% as compared to Rs.209 Crs in the previous year.

COMPONENTS INCLUDING GEARS

Riding on the good growth experienced by Commercial Vehicles, Tractors and other auto segments, overall Components industry did extremely well in the year under review. Your Company also had a record year with excellent performance in all the segments in which it operates viz. OEMs, Replacement market and Exports with total revenues (including inter segment sales) at Rs 130 Crs as against Rs 100 Crs in the previous year.

The domestic OEM sales for your Company improved by 37% and 29% over the previous year in Commercial Vehicles and other auto segments respectively. Overall domestic OEM sales grew by 20% in the year under review with CAGR for last 4 years at 41%. This was made possible by adding new customers, adding new parts coupled with increasing share of business with existing customer accounts.

Exports continue to be a major thrust area particularly for Gearbox and Outsourced parts. Major initiatives such as building infrastructure, acquisition of new customers in US/Canada, new products development etc have been taken in the year under review. As a result of these initiatives, exports revenue has more than doubled to Rs 37 Crs as against Rs 18 Crs in the previous year.

The Replacement market continues to be highly competitive and price sensitive. However through sales of new products and a focused product portfolio of better contribution parts the company has been able to retain the contribution level. The relative share of replacement business has been reduced to 16% during the period under review as compared to 20% in the corresponding previous period.

New Acquisition at Dewas:

Effective 1st Nov, 06, your Company acquired a transmission gear manufacturing plant located at Dewas having gear cutting capacity of 5 Lacs gears/annum at a value of Rs 5.7 Crs. The existing capacity along with future expansion shall help us to meet the growing demand in this segment.

Gurgaon Facility for export of Traded Components:

Standards room at Gurgaon to support quality inspection and other requirements has been made fully operational during the year. This would help in acquisition of new export customers and faster response on the development and quality aspects.

ENGINEERING SOLUTIONS

This business is operated through an Engineering Design centre at Gurgaon and a 100% subsidiary of the Company Design Intent Engineering (DIE) based in Detroit, USA.

Overall this business remained a bit depressed during the year due to auto business going through a tough time in USA. Overall projects work was affected in Detroit, the hub of auto industry in USA, as a result of which not much off shoring of the design jobs could be done to the Gurgaon Design centre. Overall revenues in DIE were US \$ 6.8 million as against US \$ 6.7 million in the previous year. Total revenues at Gurgaon Design Centre were Rs 4.2 Crs as against Rs 2.1 Crs in the previous year.

MARKET AND FUTURE PROSPECTS

COMMERCIAL VEHICLES

CV industry has been experiencing good growth for the last 5 years in succession. The fortunes of the industry are linked to economic growth, availability of retail finance, interest rates, fuel prices and general business sentiment for transportation and freight industry. The economic growth is likely to continue even though it may not cross 9%. Interest rates during the last quarter have hardened by more than 300 basis points and in case freight rates are not able to keep pace, there may be some impact on the profitability of transporters. On the other hand there has been some respite in the oil prices. Infrastructure investments are continuing which augurs well for the industry. There are some research reports indicating potential slow down in the industry. One has to wait and watch.

Your Company is fully prepared to meet the challenges in all the eventualities and a number of new initiatives have been taken to increase the volumes.

In 5 to 12 T Cargo segment where your Company has improved the market share to 27% in the year under review, the attempt is to continue to make further improvements. There is good potential for growth in 5 T with a focused approach. In the other segments also, with more focus in areas with lesser market shares, your Company expects to make further gains in the segment and continue improving the market share.

In the fastest growing HCV industry, your Company is poised to make huge gains based on its planned presence in all the segments. Good inroads have been made in the largest 25 T multi axle truck segment. There are plans to introduce improved products with a better drive train in this segment. Tipper segment also holds promising future with good success of 16T 4x2 Tipper. There are plans to introduce 25 T 6x4 Tipper also. A new 40T Product Mega 40.40 that is currently under pilot launch would also be introduced in the financial year 2007-08. Thus with more and more new products and increased acceptance of the products, your Company is poised to make big gains in the HCV segment with a target to reach a minimum market share of 10% in the medium term of 3 years.

In the passenger segment also, with products getting introduced in all the categories coupled with the successful entry into State Road Transport sector, your Company would continue to increase the volumes of bus sales.

Your Company has also launched a series of initiatives in areas of channel improvement, cost management, quality improvement, and off-product offerings to improve its competitiveness in medium to long term.

Based on above, the future of your Company in the Commercial Vehicles market is very bright.

TWO WHEELERS

Even though overall Two wheeler industry is experiencing some slow down, 350CC niche segment in which your Company operates is growing well. Some constraints have been felt in the year under review in capacity and therefore the key focus in the current year is on manufacturing supported by quality assurance, materials and component development and strategic sourcing. The target is to achieve a growth of 20% in volumes through improving the deliverable capacity.

The Company has completed reliability and endurance tests for the New Engine (Unit Construction Engine) both for domestic and exports markets to meet the future emission norms. The new engine, will be offered to export market and will be tested in the European terrain before it is officially launched in the second half of the current year.
