2. DIVIDEND.

In the light of insufficiency of accumulated profits after tax available for appropriation, your Directors have thought it expedient and accordingly do not recommend payment of dividend for the year 1996 - 97.

3. OPERATIONS.

Your Directors are happy to state that the Company could achieve a more than fourfold increase in the profit after tax for the year 1996 - 97 as compared to 1995 - 96.

/ 🥆

/ <

Though it may be observed that there is no such proportionate augmentation in the turnover as compared to the profit after tax, yet the unembellished and irrefutable fact is that this turnover could be achieved in the face of very stiff and impregnable competition reigning the pharmaceutical market the world over that took the vibrancy and zip off the industry during 1996 - 97, coupled with abominable and appalling recession that practically took the wind out of our sails, thus stultifying our indefatigable and unflinching endeavours, besides severely hampering our reaching the higher rungs of the ladder.

Consequent to the petering out of the said recession and very good export market for the pharmaceutical products being in the offing, your Directors are brimful of sangulneness that the year 1997 - 98 will be indubitably a very successful and morale-boosting one, in terms of production as well as turnover.

Another redeeming feature in the accompanying accounts is that your Company, by dint of hammering out and meticulously implementing relentless sumptuary measures, stringent cost control and cost analysis methods and whittling down unnecessary items of expenditure as could be seen from the accounts, could take the credit of having brought down the total revenue expenditure considerably.

Your Company, in view of very good export orders on hand at present, has gone in for addition of machinery for Rs.40.45 lakhs during the fag end of 1996 - 97, thus augmenting the total installed production capacity by more than 20% as compared to the previous year to cope with the export market in full during 1997 - 98. In fact, your Company has already, for the year 1997 - 98, achieved an export turnover of Rs.45.00 lakhs and is hopeful to complete the year with a creditable performance.

4. OUTSTANDING DEBTORS & ADVANCES.

As regards the outstanding debtors and advances of Rs.59,49,847 and Rs.1,74,44,836 respectively which are more than one year old (vide item 2 under Notes on accounts), your Directors wish to say that they have been initiating all possible steps to see that the outstandings are recovered in full and that the items towards which the advances have been given are supplied without further delay.

5. STATUTORY INFORMATION.

Your Directors state that with reference to the provisions contained in Sec.217 (2A) of the Companies Act, 1956, none of the employees are in receipt of remuneration of not less than Rs.3 lakhs in a year or Rs.25,000/- p.m., in any part of the year.

In compliance of the provisions contained in Sec.217 (1) (e) of the Companies Act, 1956, your Directors state that the company has earned a sum of Rs.54,29,363/- by way of foreign exchange and spent NIL towards outgo towards travelling. However, other details required to be mentioned under the said section are not applicable.
