MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

(forming part of Director's Report)

A structural shift has taken place in the Indian economy, which has propelled real GDP growth from the 6 percent averaged over the previous two decades, to around 9 percent in the year ahead. With this, the per capita consumption of Construction Chemical is also on the rise in India. There has been increase in the use of construction chemical for industrial purposes in various product segments. Your Company was able to earn operational profit due to this economy upturn. With its established product range and a sound track record for over a decade, your company is expected to win bulk orders in the current order.

Your Company continues to face stiff competition from existing large players in the markets. The operational margin is also getting squeezed with the increasing cost of production. Your Company is striving hard to control its cost so as to remain competitive in the market. The relationship of Company's management with staffs and labours remain cordial during the year.

Statements in the Management Discussion and Analysis describing your Company's position and expectations may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied.
