## Item No. 5 &amp; 6

5. The Company's shares have been for the last several years listed with Mumbai Stock Exchange, Ahmedabad Stock Exchange and Hyderabad Stock Exchange. The board has conspicuously observed that seldom the trading activities take place in the Ahmedabad Stock Exchange. The geographical distribution of the shareholdings also supports the view that there are very few shareholders from Ahmedabad and nearer territories holding share of the Company. The Board therefore proposes to follow the procedures laid down by SEBI and Stock Exchanges in regard to voluntary de-listing of securities with Ahmedabad Stock Exchange. Therefore the Board commend the resolution for the shareholders approval.  
None of the directors are interested in this Resolution.
6. The shareholders would appreciate the fact that business is on hold and our country is undergoing a greater diversion and change. Information technology has emerged, of-late, as one of the technologically diversified areas opted for in the business spheres. Your Board persistently deliberated over this issue and have finalised plans for diversifying into Infotech activities in addition to the present activities. The contemplated change in the object clause requires solicitation or approval of the shareholders by way of change in object clause in the Memorandum of association of the company.  
None of the directors are interested in this Resolution.

During the year under review the market conditions continued to be sluggish. Despite this there exists a sizeable growth in the sales of the Company in as much as the turnover increased from Rs. 2,456.64 lacs to Rs. 3,063.82 lacs, primarily due to buoyancy in the LPG cylinders sale, which is more than double as compared to last year.
