FAIRFIELD ATLAS LIMITED**EXPLANATORY STATEMENT**

As required by Section 173 of the Companies Act, 1956 the following Explanatory Statement sets out all the material facts relating to the above items of business

ITEM NO. 5

Pursuant to the nomination made by Fairfield Manufacturing Company, Inc., USA ("Fairfield"), the Board of Directors in their meeting held on 27th December 2001 appointed Mr. Clement Strimel as additional director of the Company with effect from 1st December 2001. Accordingly, Mr. Strimel holds office till the ensuing Annual General Meeting. Mr. Clement Strimel is the Vice President – International Business Development of Fairfield. He is well versed and experienced in his field. The Board of Directors considers that it would be in the interest of the Company to have the benefit of his experience and advice of Mr. Clement Strimel as a member of the Board and accordingly commends his appointment to the members. He has filed with the Company his consent to act as a Director.

The Company has received notice from a shareholder pursuant to section 257 of the Companies Act, 1956 alongwith requisite deposit amount, proposing the candidature of the Mr. Strimel for appointment as director of the Company.

Mr. Clement Strimel may be deemed to be concerned or interested in the resolution relating to his appointment. No other director of the Company is concerned or interested in this item of business.

ITEM NO. 6

The Board of Directors at their meeting held on 1st October 2000 approved the appointment of, and payment of remuneration to, Mr. Riad Fyzee as Managing Director of the Company, for the period from 1st October 2000 to 31st March 2004. The appointment of Mr. Riad Fyzee as Managing Director and payment of remuneration to him was approved by the shareholders in general meeting held on 21st December, 2000. As per the above-referred approvals, the said remuneration was payable to Mr. Riad Fyzee in the event of absence or inadequacy of profits during his tenure subject to the limits specified in Schedule XIII to the Companies Act 1956.

The Company follows the practice of paying performance bonus/ ex-gratia payment to members of senior executives of the Company. Being a member of senior executive of the Company, Mr. Riad Fyzee is also entitled to receive performance bonus / ex-gratia payment, as applicable to other senior executives of the Company. However, the remuneration approved by the shareholders in general meeting held on 21st December 2000 did not take into account the remuneration payable to Mr. Riad Fyzee as performance bonus / ex-gratia payment. As per the norms followed by the Company for payment of performance bonus/ ex-gratia payment to senior executives of the Company, Mr. Riad Fyzee was paid a performance bonus of Rs. 2,59,200/- for the financial year ended 31st March, 2002. The said payment, being in excess of the ceiling applicable for payment of the remuneration to Mr. Riad Fyzee as approved by shareholders in the resolution passed on 21st December, 2000, would require specific approval of shareholders in general meeting. Hence the resolution is placed before the shareholders to seek their approval and ratification.

The remuneration paid to Mr. Riad Fyzee for the financial year ended 31st March 2002 exceeded by Rs. 2,59,200 the remuneration prescribed as per provisions of the Part II Section II of the prevailing Schedule XIII of the Companies Act 1956

calculated on the effective capital of the Company. However the Central Government has amended with effect from 16th January 2002, Part II, Section II of Schedule XIII to the Companies Act 1956. The excess remuneration paid to Mr. Fyzee is within the limits prescribed as per amended Schedule XIII to the Companies Act 1956 subject to the conditions prescribed thereunder. The excess remuneration as above has been approved by the Remuneration Committee and ratified by the Board of Directors. The other information required as per the amended Schedule XIII is given in item 7 below.

Apart from Mr. Fyzee, no other director is concerned or interested in this item of business.

ITEM NO. 7

The remuneration payable to Mr. Riad Fyzee as Managing Director of the Company was approved by the Board of Directors at their meeting held on 1st October 2000 and the Company in General Meeting on 21st December 2000.

At the time of fixing the remuneration payable to Mr. Riad Fyzee as Managing Director, the Company had not taken into account the remuneration payable to senior executives of the Company, by way of performance bonus / ex-gratia payment. The Board of Directors now extend the performance bonus / ex-gratia benefit to Mr. Riad Fyzee as well. It is therefore now proposed to amend the terms of remuneration payable to Mr. Riad Fyzee as Managing Director for the period commencing from 1st April 2002 to 31st March 2004, to include as part of the remuneration package to him the performance bonus / ex-gratia payment applicable to senior executives of the Company. Accordingly the remuneration committee of the Board at its meeting held on 30th January 2002 has resolved to extend the benefit of such payments to Mr. Riad Fyzee for the period from 1st April 2002 till the remainder of his term. The Board of Directors in their meeting held on June 28, 2002 has approved and ratified the said resolution of the remuneration committee

The Board of Directors recommends the resolution for your approval.

Apart from Mr. Riad Fyzee, no other director of the Company is concerned or interested in the above matter.

The following additional information as required by schedule XIII to the Companies Act 1956 as amended is given below

III. Other information

1. Reason of loss or inadequate profits.

The Company has undergone a major expansion by setting up an 100% Export Oriented Unit and thereby has incurred heavy expenses on the same. In addition there has been a heavy interest burden on loans taken for establishing the 100% E.O.U. The recession in the agriculture sector has impacted the order position from the Tractor Division of M & M Ltd.

2. Steps taken or proposed to taken for improvement.

The Company is in the process of initiating several cost cutting measures. Negotiations are in progress with suppliers of raw materials and consumables to reduce prices. On the export front the Company is expecting sizeable orders from its principals Fairfield Manufacturing Co. Inc. USA. Apart from this, the Company has successfully introduced new international customers and widened its customer base. With increased focus on technology driven products, the Company expects to move up the value chain by delivering high technology products to its customers. This would also result in improved added value realizations resulting in improved profitability.

3. Expected increase in productivity and profits in measurable terms.

As per the projections made for the three years ended 31/3/2003, 31/3/2004 & 31/3/2005 the Company proposes to post a turnover of Rs. 5700 lakhs for the first year going up to Rs. 10500 lakhs in the third year. DIRECTORS' REPORT

The Directors are pleased to present their 12th Annual Report together with the audited accounts of Fairfield Atlas Limited (the "Company") for the year ended 31st March 2002.

I. Financial Results

(Rs. in lakhs)

	2001-2002	2000-2001
Gross Income	2791.94	2539.80
Profit/(Loss) before depreciation, interest and tax	150.85	(178.11)
Interest	465.65	535.17
Depreciation	430.95	380.91
Profit & Loss before prior year's expenses	(745.75)	(1094.19)
Profit/(Loss) before tax	(745.75)	(1094.19)
Provision for tax	0.43	58.79
Profit/(Loss) after tax	(746.18)	(1152.98)
Balance of Profit/(Loss) brought from earlier year	(1536.45)	(383.47)
Balance of Profit/(Loss) carried to Balance Sheet	(2282.63)	(1536.45)

II. Dividend

The Directors did not recommend a dividend for the year ended 31st March 2002.

III. Operations

The financial year under review witnessed a marginal increase in sales. The company responded to the several constraints faced during the year by well planned strategy both on production and marketing fronts.

The Company produced 7,01,431 pieces of gears during the year ended 31st March 2002 as against 6,17,449 pieces produced during the previous year. Sales turnover and other income for the year amounted to Rs. 2,791.94 lakhs as against Rs. 2,539.80 lakhs for the previous year, registering a marginal increase. Sales to Tractor Division of Mahindra & Mahindra Ltd. were affected due to the adverse impact of several factors on the Tractor industry. Sales to the Automotive Division registered an increase due to change in the product mix supplied. Sales to the three-wheeler division at Zaheerabad have increased substantially due to higher production demands. The company has initiated steps to take full advantage of the opportunities offered. In addition the Company is manufacturing engine gears for the new Scorpio vehicle which is the new top of the line product of M&M with great potential.

The export business of the Company has a very promising future with substantial projected order positions. However the export business of the Company suffered a slight set back due to the catastrophic events that took place in the U.S. last September. In spite of this the Company was able to achieve an export turnover

of around Rs. 800 lakhs and will stand to gain from various tax exemption on this account. The export products of the company from the Domestic Unit are also eligible for benefits under the DEPB Scheme.

An analysis of the Company's performance is given in the Management discussion and Analysis Report which forms part of this Report.

IV. Current Year

The Company continues to be a major supplier of gears to its OEM customer, namely Mahindra & Mahindra Ltd. for its Automotive and Farm Equipment Sector and occupies the position of being a preferred and major supplier of Gears to the M & M group. During the first three months of the current year there has been a decrease in the off take of gears particularly by the Tractor Division of Mahindra & Mahindra Ltd. On the other hand, supplies of gears to the Automotive Division have registered a marginal increase during the said period. However during this period there has been an accelerated growth in the supplies made for the 3 wheeler business. The company has also commenced supply of engine gears to M & M for their new E.U.V. engine being developed by them which conforms to Euro II standards. This engine is being fitted by M & M to their recently launched "Scorpio Vehicle". During 3 months of the current year the export business has been to the tune of Rs. 140 lakhs. Trial runs of the machines in the EOU have been completed and the machines have been productionised. Exports from the EOU have commenced in the first week of June.

V. Director's Responsibility Statement

Pursuant to the provisions of sub-section (2AA) of Section 217 of the Companies Act, 1956, the Board of Directors confirm:

- (i) that in the preparation of the Annual Accounts, the applicable accounting standards had been followed alongwith proper explanation relating to material departures;
- (ii) that the Directors had selected such accounting policies and applied them consistently and made judgements and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year as on 31st March, 2002 and of the loss of the Company for that period;
- (iii) that the Directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and

FAIRFIELD ATLAS LIMITED

- (iv) that the Directors had prepared the annual accounts on a going concern basis.

VI. New customers

Efforts in tapping export potential of other customers have met with success. Orders have been secured from Carraro, L & T John deere and GKN for new business which is projected at Rs. 12 crores to Rs. 15 crores for next financial year.

VII. Finance

During the year the Company has regularly paid GE Capital Services India, interest on the Term Loan and Revolving credit obtained from them.

VIII. Corporate Governance

Pursuant to Clause 49 of the listing agreement with the stock exchange a section titled "Corporate Governance" has been included in this annual report along with management discussion and analysis report and shareholder information report. Certificate of auditors of the company regarding compliance of conditions of Corporate Governance is annexed to the report. Reasons for non compliance of certain sub clauses of clause 49 have been given below.

IX. Reasons for non-compliance with conditions of Corporate Governance as per Listing Agreement with the Stock Exchange.

In response to observations made by the Auditors on non compliance of following sub-clauses of clause 49 of the Listing Agreement stipulating conditions of Corporate Governance the Board of Directors offer the following clarification:

- a. Clause I A : The Company is in the process of inducting persons as independent directors upto the required number.
- b. Clause II (A) (a) : Provisions of the clause will be complied with on inducting persons as independent directors
- c. Clause II (A) (b) Independent director will be appointed as chairman of the Audit Committee on completing formalities as given in (a) above.

MANAGEMENT DISCUSSION AND ANALYSIS :

Industry Structure & Developments

The Indian Automobile and Tractor manufacturers meet their gear requirements either through their inhouse facilities or by outsourcing them from approved vendors. The auto component industry (gears) in India is categorised on the basis of original equipment supplier, replacement market supplier, or a combination of both. The business of Fairfield Atlas is manufacture and sale of Gears used in transmissions, engines, industrial usage and gears for off road equipment as well as fully assembled transmissions. Presently the Company caters to requirements for Utility Vehicles, Tractors, LCV's, three wheelers and off road equipment. Bulk of the sale of its products is made by the Company for exports and to Mahindra & Mahindra Ltd. and a small portion to Kerala Agro Machinery for use in their power tillers. Fairfield Atlas is an original equipment manufacturer (OEM) for both tractors and utility vehicles manufactured by Mahindra & Mahindra Ltd. (M & M).

Performance

There are 4 main vendors who supply transmission gears as O.E.M. to M & M Tractor Division. (FAL) supplies 20 categories of gears to M & M Kandivli and to their Nagpur unit. FAL is the single source supplier for some of the Tractor gears supplied to the Kandivli and Nagpur unit.

As far as the Automotive Sector is concerned, FAL supplies 12 types of gears to M & M as original equipment to be fitted to their utility vehicles and 10 types of engine gears for

the E.U.V. engine used by the new 'Scorpio' vehicle being manufactured by M&M. FAL also supplies 6 types of gears for their spares division. For the Automotive sector there are 2 vendors but FAL is a single source supplier for some gears. FAL supplies gears for the 3 wheeler "Champion" which is being manufactured by M & M at Zaheerabad (Andhra Pradesh) and has been nominated as a single source supplier for these gears.

The Tractor industry as a whole was adversely affected by several factors. Consequently it impacted the demand of components supplied by FAL to this segment.

Over the last financial year, the Company has been able to achieve substantial growth on the export front. The Company is manufacturing at present over 80 different types of gears for the U.S. off road equipment market.

Opportunities and threats

With increasing number of multinational companies in automotive and engineering segments deciding to source their requirements from India, the company expects substantial growth in the auto ancillary segment (particularly technology driven auto components like gears, gear assemblies) in future and is confident of meeting such increased demand.

Most automobile and tractor manufacturers use their in house captive gear manufacturing facilities to optimise their manufacturing capacity provided it is economically viable and source their requirements in excess of their internal capacity from independent suppliers like FAL. The Company's business could be affected if such excess does not arise.

FAIRFIELD ATLAS LIMITED

Segment-wise performance

The company has determined its business segment as automotive transmission gears. Since 100% of the company's business is from automotive transmission gears there are no other primary reportable segment.

Outlook

Exports to Fairfield Mfg. Co. Inc. U.S.A. during the preceding year have been to the tune of Rs. 750 lakhs. These have been effected from the Domestic Unit. The company has made an application to DGFT for issue of Licence for exports made in last quarter since these products are eligible for DEPB benefits. Machines imported have been installed at the EOU and production has already commenced. These machines will help to diversify the range of products exported. The installation of the machines at the EOU including state of art heat treatment furnace fired by LP gas will ensure uniform heat and hardening process besides being safe and environment friendly. Further the new machines installed will help improve the quality of products, thereby reducing, if not eliminating rejections. However production and sales from the EOU depends on the continuous placing of orders by Fairfield. To safeguard against possible decline in orders from Fairfield the company has made efforts to tap export potential of other customers. Efforts in this direction have met with success. In its quest for new business the company has secured orders from Carraro, L & T John Deere and GKN and negotiating with Lister Petter and Parker. At present the company is developing samples for Carraro, L & T John Deere and GKN. The total projected new business in hand shall add Rs. 12 crs. to Rs. 15 crs. in the next financial year, each averaging at Rs. 3 crs. to Rs. 4 crs. The company will also endeavour to cater to the requirements of Indian customers to the extent permitted under Import Export Policy for E.O.U. The Company remains optimistic about the long term opportunities that may arise.

Internal Control System

The company has a proper and adequate Internal Control mechanism to safeguard its assets against unauthorized use or disposition. The company has appointed a reputed management consultancy and auditing firm to perform the internal audit function. Quarterly internal audit reports given by them are discussed by the management so as to monitor the effectiveness of the internal control. The Audit committee of the Board of Directors deals with significant control issues raised by the internal and external auditors and directs corrective and remedial action besides giving instructions for further areas to be covered.

Besides the company has in place well defined roles and responsibilities for the managers at various levels. This, coupled with the established internal information system and periodic reports by senior management personnel ensures adequate information flow for effective monitoring.

Human resources / Industrial Relations

Employees are a vital resource of the company. The company has been able to create a friendly work environment that

encourages the employees to contribute their best. With the objective of developing and improving the skills of the employees several training programmes were organized by the company. The managers/executives attended seminars in their respective and related field of activity. Industrial relations continue to be cordial. The present wages settlement will terminate in August this year. Preliminary discussion on the future settlement has already commenced. The total strength of the company as on 31st March 2002 was 450 permanent employees.

Risks and concerns.

The slowdown in the US economy may effect the Company's exports to US. The erratic monsoon may subdue the demand for Tractors and the cyclic nature of the automobile industry may affect supplies made by the Company to these two segments.
