Profit/Loss b/f from previous year	(-)39517.29	(-)39535.03
Net deficit carried to Balance Sheet	(-)35221.85	(-)39517.29

THE FERTILISERS AND CHEMICALS TRAVANCORE LIMITED

Due to the accumulated loss, your Directors are not recommending any dividend for the year 2008-09.

During the year 2008-09, the production and sale of all products have shown substantial increase despite abnormal increase in raw material prices and its limited availability.

The Company's overall performance during the year 2008-09 was greatly affected by the sharp rise in the prices of key raw materials especially Sulphur and Naphtha in the first 2 quarters of the financial year and global recession in last two quarters. The steep increase in the cost of Raw materials especially that of Phosphoric acid, Sulphur, Naphtha, Benzene and Rock phosphate led to a situation where Caprolactam Plant had to be shut down for a period of more than 8 months. During the year Ammonium Sulphate plant was also shut down from 9th June 2008 to 27th August 2008. Subsequently the Ammonium Sulphate plant alone was operated by direct neutralisation process.

During the year the Company has decided to value its product Gypsum which is produced along with Phosphoric acid in the plants both in Udyogamandal and Cochin divisions. In recent years, there has been increasing demand for gypsum with a quantum jump in its realization. Six cement companies have already entered into a Memorandum of Understanding for purchase of gypsum on a regular basis. The Gypsum is also marketed now in all the Southern States as bagged gypsum on a regular basis. Further the Joint Venture project for manufacturing value added products using gypsum is nearing commissioning. Accordingly a quantity of 39.90 lakh MT, which has been assessed as the saleable quantity for the next 5 years out of a stock of 60.31 lakh MT as on 31.3.2009, has been valued at Rs. 19950 Lakh and taken into stock and shown as Income under extra-ordinary item in the Profit and Loss Account for the year 2008-09.

Towards the end of the year 2008-09, the Company has embarked on the implementation of an enterprise resource planning system - SAP - at a cost of Rs.12 crore. The system is expected to bring better integration of departments, improve the efficiency of working of departments and manpower productivity in the overall improvement in the Management Information System. SAP is expected to go live by November 2009.

The Company has entered into a Joint Venture agreement with Department of Factories and Boilers, Government of Kerala for establishment of Kerala Institute of Welding and Research to conduct courses for qualification as IBR approved welders to cater the growing needs for skilled welders both for the industries in India and abroad. A separate Society under the Travancore Literary, Scientific and Charitable Societies Act, 1955 was registered for conducting the courses relating to welding technology with a grant of Rs. 1 Crore from Government of Kerala.

FACT has launched two fertilizers with value addition of zinc – zincated factamfos and-zincated gypsum. These two products give additional micro-neutrients required by plants. In association with the Green-Kerala Clean-Kerala Mission of the Government of Kerala, FACT has initiated a massive campaign aimed at augmenting the use of organic fertilisers and bio-fertilisers in Kerala and launched two new products - FACT organic and Bio-FACT.

Performance of the Company during the first quarter of the financial year 2009-10 shows a Loss of Rs. 3451 Lakh as against the Profit of Rs.112 Lakh during the corresponding period of the previous year. The Loss during the first quarter of 2009-10 was mainly on account of annual turn around carried out during April/May 2009 and lower level of operation of Caprolactam - Ammonium Sulphate plants due to shortage of Benzene.

Your Directors are happy to inform you that with a view to achieve a 100% increase in turnover and profit over a span of 5 years, the Board of Directors have approved a vision plan for the Company for the next five years.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A Management Discussion and Analysis Report covering the operational aspects during the year 2008-09 is enclosed.

DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Sec.217(2AA) of the Companies Act, 1956, your Directors hereby state:

- that in the preparation of annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures.
- that the Directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2009 and of profit and loss account for the year ended March 31, 2009.
- that the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.
- that the Directors had prepared the annual accounts on a going concern basis.

REPORT ON CORPORATE GOVERNANCE

Your Directors are pleased to state that your Company has been practicing the principles of good Corporate Governance. The Board lays emphasis on transparency and accountability for the benefit of the stake-holders of the Company. Report on Corporate Governance in accordance with the listing agreement is annexed to this report.
