Your Directors proposes for the approval of the members at the forthcoming Annual General meeting and recommends to pass necessary resolution to that effect as set out in the notice of the annual general meeting.

DIRECTORS RESPONSIBILITY STATEMENT:

In accordance with the provisions of section of 217(2AA) of the Companies Act, 1956, your directors state that:

- ♦ In the preparation of accounts, the applicable accounting standards have been followed.
- ♦ Accounting policies selected were applied consistently. Reasonable and prudent judgments and estimates were made so as to give a true and fair view of the state of affairs of the company as at the end of March 31, 2010 and the profit of the company for the year ended on that date.
- ♦ Proper and sufficient care has been taken for the

maintenance of adequate accounting records in accordance with the provisions of Companies Act, 1956 for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities.

- ♦ The annual accounts of the company have been prepared on a going concern basis.

AUDITORS:

M/s J. P. Saraf & Co., Chartered Accountants Indore, the statutory Auditors of the company retires at the close of this Annual General Meeting and is eligible for re-appointment. The Company has received confirmation from the Auditors that their re-appointment will be within the limits prescribed under section 224(1B) of the Companies Act, 1956. The Audit Committee of the Board has recommended their re-appointment. The necessary resolution is being placed before the shareholders for approval.

AUDITORS' REPORT:

The report of the auditors of the company and notes to the accounts are self explanatory and therefore do not call for any further comments and may be treated as adequate compliance of section 217(3) of the Companies Act, 1956.

INSURANCE:

The Company has taken adequate insurance cover for all movable & immovable assets for various types of risks.

FIXED DEPOSITS:

Your Company has not accepted any public deposit within the meaning of provisions of section 58A of the Companies Act, 1956 read with the Companies (Acceptance of Deposit) Rules, 1975 and as such no amount of principal or interest was outstanding as of the balance sheet date.

INDUSTRIAL RELATIONS:

Company's Industrial relations continued to be healthy, cordial and harmonious during the period under review.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, PARTICULAR OF EMPLOYEES AND FOREIGN EXCHANGE EARNINGS AND OUTGO:

Information as required under section 217(1)(e) of the Companies Act, 1956 read with the Companies (Disclosure of particulars in the Report of the Board of Directors) Rules 1988 have been annexed herewith.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT:**A. Business overview and future outlook.**

Indian economy is now world's second fastest growing economy and has managed to pass through the Global crises, mainly due to following reasons viz it was not at the centre of the crises and its growth was well balanced and controlled and reliant

on domestic drivers. Government fiscal policies, stimulus packages to various Industrial Sectors and reduction in Taxes and Duties, wherever necessary, alongwith increased Government Expenditure on infrastructure and social sector created domestic demand-consumption, which resulted in increased production and GDP Growth.

At the beginning of the year 2009-10, there was a great deal of uncertainty about the world-economy due to financial crises in USA and European Countries together with one of the deepest downturns and severe recessionary trends being faced by these countries since past 2-3 years. The events however turned out to be better than expected for developing economies, more particularly in India and China and other Asian countries. Developed nation shall continue to thrive more on Government stimulus packages rather than on domestic consumption driven demands.

For the country, recent trends, worth mentioning are acceleration in GDP Growth, turnaround in Export, strong recovery in industrial production, revival of stock market activities, revival in capital inflows and indications of better corporate results. As per RBI's Annual monetary and credit policies our economy is expected to grow by 8.50% in 2010-11, having grown by over 7.2% in the year 2009-10. This is a commendable achievement in the present Global scenario. However, failure to control rising inflation in all sectors is great set back and a major concern for the Government and industry. This may affect the demand and hence market adversely.

The challenge before nation is to strike a balance between controlling rising inflation and maintaining growth and stability. Increasing costs of inputs and inflationary trend is a challenge before the company. Company is taking all possible steps to meet the challenge.

Our Government has taken various steps towards development of infrastructure sector, which is the back bone of growth. Financing has grown four fold in recent years, by various special infrastructure Financing companies under Public-Private Partnership. Power Sector is accounted for major share in growth because of huge energy deficit in the country. Capacity addition in 2009-10 was 9585 MW, which is the highest in one year, so far. The private sector is now playing a major role. The mid-term appraisal of the 11th plan indicates that as against a target of 15000MW, the private sector will be adding close to 20000MW. The Government

modified the Mega Power policy which makes available various fiscal benefits to large power projects (For thermal projects above 700 - 1000 MW.) They are our major customers hence our growth is associated with their growth, besides, growth in Transportation, ports, Road etc. will also increase the demand of core Industries like Cement, Steel and Engineering products. All these sectoral growth, offer opportunity to your company for continuous business growth.

Our efforts for exports is focused more towards Pacific countries including Australia and New Zealand. These regions offer great opportunities of business with several new mining projects and power plants. With our continuous efforts in these markets Fluidomat is now a known brand and our efforts are expected to yield good sales in coming years.

As already reported in earlier years the Company Scoop Control Fluid Couplings have earned high reputation with proven performance. The power sector and sea port handling has huge requirement of these SC Couplings and thus offer great opportunity of business.

Fluidomat brand is well established in Indian market with good service backup, technical excellence and good customer relationship. We are thus better placed to achieve continuous growth. Large population of Fluidomat products offers increased sales of spares thus adding to business growth.

To meet the growing demand of Company products your Company has to make heavy investments in plant and machinery by way of CNC Machines, testing facilities and other infrastructure needs.

Company's product quality, own developed indigenous technology, continuous R&D efforts, has earned accreditation and appreciation from our clients and actual users and consultants world wide which is in line of our strategic policies to grow our business competitively, profitably and sustainably.

B. Industry structure and developments:

Your company deals only in the one segment i.e. manufacturing and sale of the hi-tech products "Fluid Couplings" which are mainly used in various sector of industries including Thermal Power Plants, Steel, Metal, Cement, Paper, Chemical, Fertilizers, Coal and Ore-mining and Port handling facilities etc. New projects in these sectors have important contribution towards growth and profitability of the company.

C. Quality Management System:

The company continued to be certified under ISO 9001:2008 by British Standard Institution- BSI

Management System for the Company's Quality System. The Quality Management System in the Company is well defined and is well in place.

D. Internal control system:

The Company has adequate internal control system commensurate with its size and business. The internal control systems are supplemented by internal audits. The company has appointed independent outside Internal Auditors to further strengthening of the system. The audit system carries on a continuous basis, the entire gamut of operations, business and functions. The reports of internal auditors are submitted to the audit committee, which further review the adequacy of the internal control system.

E. Risk and Concerns:

Since your company is catering the needs of almost all sector of Industries, if there is recession in any one sector, the other sector industry will continue to generate the revenue for the company. Apart from the normal risk, demand-supply conditions, raw material prices, changes in government regulations, tax regimes, economic developments within the country and globally, no major risks are foreseen.

F. Cautionary statement:

Statement made in the management discussion and analysis report as regards the expectations or predictions are forward looking statements within the meaning of applicable Laws and Regulations. Actual performance may deviate from the explicit or implicit expectations.

G. ACKNOWLEDGEMENTS:

Your Directors place on record their gratitude to the Central Government, State Governments and company's Bankers and IFCI for the assistance, co-operation and encouragement they extended to the company. Your directors also wish to place on record their sincere thanks and appreciation for the continuing support and unstinting efforts of Investors, Customers, Vendors and Employees in ensuring an excellent all around operational performance.
