## **MANAGEMENT DISCUSSION AND ANALYSIS REPORT:**

**A. Economic Overview:** During the year under review the Global economy continues to pass through difficult phase with uncertain economic conditions prevailing in Europe & USA. The GDP growth on Global level is estimated at 3.5% for the year 2012-13 with no signs of improvement in near future.

The Indian economy is in a stagflation phase. Even with increase in repo rate 13 times in a row, inflation is still out of control and now posing liquidity crunch to various industries and adversely affecting profit margins.

The power sector and thus coal mining alongwith Seaport development are the drive engines of Indian economy in current situation. There has been a slowdown in these sectors and some of green field projects are slowed down half way or not taking off.

However the power sector in its present position still offers enough opportunities for your company sales to sustain and grow.

Your company has established itself successfully in industrial Fan application which offers high value added sales opportunity for many years to come. Fan drives are critical application in any industry and with Fluidomat proven technology, quality and reliability many industries in India are approaching your company for supply of fluid couplings for Fan application. Recognizing company proven technology and credibility, BHEL ordered 15 Nos large size Fluid Couplings for up to 2250 KW Fan drives. Part of this order has been executed and supplied.

Your company successfully developed, designed and produced a high size scoop control fluid coupling size 1330 which is required in modern power plants for 11 to 1200 KW, 500 RPM crusher drives. These couplings hitherto were monopoly of a single company in the World. Your company bagged orders for 13 Nos of these couplings from various clients, part of which is already executed and supplied.

Your company continues its marketing efforts in the international market and have recently bagged large order for fluid couplings for Manjung project in Malaysia. The Australian mining sector is also offering high sales opportunities and your company has already entered this market segment with initial orders.

Your company will now focus on African and East European market while continuing its efforts in Pacific Region.

During the year under review your company completed the new Factory shed of 11190 sq.ft. and installed 02 Nos E.O.T. cranes besides new Aluminium melting furnace, band saw machine and other equipments at the cost of Rs. 130 lacs to meet enhanced requirement of production.

Further capital work in progress will be nearing completion by end of December 2012. Company is further considering modernization of plant and Machinery for increasing the quality production, with the expected total capital cost of over Rs. 200 lacs in near future which will be financed through our internal cash accruals.

Supported by high product quality, continuous R&D and product development activities, credibility and excellent client relations, your directors are confident of continuous growth of the company in turnover, profits and market expansion, inspite increasing competitions and inflation.

- B. Industry structure and developments:** Your Company deals only in the one segment i.e. manufacturing and sale of the hi-tech products "Fluid Couplings" which are mainly used in various sector of industries including Thermal Power Plants, Steel, Metal, Cement, Paper, Chemical, Fertilizers, Coal and Ore-mining and Port handling facilities etc. New projects in these sectors have important contribution towards growth and profitability of the Company.
- C. Quality Management System:** The Company continued to be certified under ISO: 9001:2008 by British Standard Institution- BSI Management System for the Company's Quality System. The Quality Management System in the Company is well defined and is well in place.
- D. Internal control system:** The Company has adequate internal control system commensurate with its size and business. The internal control systems are supplemented by internal audits. The Company has appointed independent outside Internal Auditors to further strengthening of the system. The audit system carries on a continuous basis, the entire gamut of operations, business and functions. The reports of internal auditors are submitted to the audit committee, which further review the adequacy of the internal control system.
- E. Risk and Concerns:** Since your Company is catering the needs of almost all sector of Industries, if there is recession in any one sector, the other sector industry will continue to generate the revenue for the Company. Apart from the normal risk, demand-supply conditions, raw material prices, changes in government regulations, tax regimes, economic developments within the country and globally, no major risks are foreseen.
- F. Cautionary statement:** Statement made in the management discussion and analysis report as regards the expectations or predictions are forward looking statements within the meaning of applicable Laws and Regulations. Actual performance may deviate from the explicit or implicit expectations.
- G. ACKNOWLEDGEMENTS:** Your Directors place on record their gratitude to the Central Government, State Governments and Company's Bankers for the assistance, co-operation and encouragement they extended to the Company.
