Dear Shareholders,

I'm delighted to present 34^{th} Annual report for FIRL as we continue our focused efforts towards pursuing our long term objectives.

The Indian economy started the fiscal year 2018-19 with a healthy growth of 8.2% in the first quarter on the back of domestic resilience. The growth eased to 7.3% in the subsequent quarter due to rising global volatility normalised monetary policy in advanced economies, externalities from trade disputes and investment rerouting. Despite softer growth the Indian economy remains one of the fastest growing and possibly the least affected in global turmoil. The financial marketing, non-banking financial sector in particular, faced severe liquidity crunch for a variety of reasons. All these had a dampening effect on the consumer sentiment.

At FIRL, creating value for all our stakeholders, including our shareholders, is considered as our prime responsibility and has been a defining element of our identity.

Our Vision at FIRL is "We aspire to become a pioneering and forward-looking organization that is collaborative, innovative and responsive to the financial changing financial needs of our clients."

As we look ahead to greater opportunity and prosperity, my thanks to all the Stakeholders for placing their trust and confidence & the entire FIRL team, you deliver without fail and make us proud. And, as always, my thanks to you for your constant support.
