### MANAGEMENT DISCUSSION AND ANALYSIS

#### INDUSTRY STRUCTURE AND DEVELOPMENT

The estimated Rs1,500-crore amusement park sector continues to grow at 10-15%, but lack of uniform taxation across states could be a hindrance, according to the Indian Association of Amusement Parks and Industries (IAAPI). The industry is badly affected by the lack of a uniform entertainment tax for amusement parks.

#### OPPORTUNITIES, THREAT, OUTLOOK, RISKS AND CONCERNS

Amusement parks have not received their due recognition for their enormous potential as an infrastructural facility for tourism. The amusement industry worldwide is a very significant part of the tourism effort. In India, the tourism policy does not address the needs and the potential of the amusement industry. As such, today the amusement industry in India receives no special incentives; on the other hand it is faced with administrative delays, as there are no defined administrative guidelines for approvals for amusement parks.

#### SEGMENTWISE PERFORMANCE

At present, the Company is operating only in one segment i.e. running amusement park - entertainment sector and therefore the segment reporting and performance standard is not applicable to the Company. #### Internal Control Systems & their Adequacy

The company has proper & adequate system of their internal controls proportionate to its size and business. The internal control systems of the company are designed to ensure that the financial and other records are reliable for preparing financial statements and other data.
