REVIEW OF THE WORKINGS & FUTURE PROSPECTS -

The manufacturing income during the year under review, went down due to reduction in sale price of the goods manufactured by the Company. We have been able to curtail all of our overheads to become more viable in current competitive age.

During the year, the Company supplied trial batches of pinions to the world's largest locomotive manufacturer General Motors Corp., USA and we are please to inform you that they have approved us under their qualitative supplier's category. The Company has

also designed a new gear box for Oil Expellers. The potential of this area is about Rs. 500 lacs per annum.
