During the period under review, profit before tax at ₹433.31 lakhs was lower than the previous year's figure of ₹1563.54 lakhs mainly due to lower sales of products and miscellaneous income, which included recovery of ₹500 lakhs on compromise settlement reached with a party pertaining to leased assets.

DIVIDEND

3. The Company continues to be in consolidation mode, hence no dividend has been considered for the year under review.

FINANCE & ACCOUNTS

CONSOLIDATED ACCOUNTS

(A) INDUSTRY STRUCTURE AND DEVELOPMENTS SEGMENT-WISE PERFORMANCE

9. During the year under review, your company commenced warehousing business, by providing warehousing facilities to various parties at its site at Andul Road, Howrah, Kolkata. This activity was well received and has made steady progress through the year generating revenue for

the Company. It is therefore proposed to expand this business segment substantially, which would generate revenues to offset and surpass the revenues generated by the existing business models of the Company.

10. Metal Pressing Division at Pune experienced sluggish demand during the year under review. The passenger car segment of the automotive sector on which the division is solely dependent for its business, experienced an unprecedented negative growth, resulting in drastic reduction of volumes and loss of profitability. Further, there is no sign of revival of demand in the passenger car segment. The future of this division is under close scrutiny to determine the viability and sustainability of its business model.
11. Screws & Fasteners Division was not able to generate profit due to absence of its products from the market for a considerable period of time coupled with adverse business conditions. Due to absence of viability, production could not be continued and plant and machinery of the division which had become obsolete, was disposed off during the year under review.
12. During the year under review, the Business Service Centre Agreement to provide business, administrative, communication and internet services from the Company's offices at Kolkata and Mumbai was renewed for a period of one year with effect from 1st April, 2013. Income from this activity has been reflected in the accounts for the year under review.

(B) OPPORTUNITIES AND THREATS

13. It appears the automobile sector has been badly hit due to slowdown in the economy. The possibility of its early revival appears to be doubtful. However continuous efforts are being made to control costs to reduce the impact of this slowdown.
14. The Company has commenced providing warehousing facilities at Howrah, to reputed customers and is exploiting opportunities for growth in this segment.

(C) OUTLOOK

15. Yet again there has been a modest improvement in the net worth and shareholders funds in your Company. As stated in previous reports, the company has been consolidating its financial position towards sustainable growth in the future.

(D) RISKS AND CONCERNS

16. Your Directors recognize that there are uncertainties and risks attached to any business. The risks could be external, internal, or a combination of both. External risks can be intensification of competition, product substitution, technological obsolescence, changes in Government policy with regard to taxes and levies or economic slowdown adversely impacting demand and profitability. Such risks will be continuously monitored and appropriate action taken by the Company to minimize the same. Internal risks comprise operating risks, financial risks and business risk. The company will take effective steps to deal with such risks.

An operating division of the Company would identify any risks as perceived by them and take immediate steps to minimize the impact and at the same time submit a report to the next higher level of reporting.

The Metal Pressings Division is dependent on the growth in the automobile and tractor businesses with only two customers. Despite rising costs, this division had to contend with considerable pressure for price reduction from both the customers, in view of slowdown in demand and negative growth in the automobile sector. Your Company is trying to mitigate the external risks by endeavoring to increase the customer base in the case of Metal Pressings Division to achieve viability of operations.

(E) INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

17. The Company has adequate internal control system to ensure protection of assets against loss from unauthorised use or disposal, proper maintenance of accounting records and adherence to Company's policies and procedures. The Company has an Internal Audit system which is commensurate with its size and nature of its business. An Audit Committee of the Board of Directors periodically reviews the internal control systems to ensure their effectiveness and adequacy as also the annual financial statements with particular reference to major accounting entries, involving estimates based on the exercise of judgement by the management. Apart from this, audit reports and follow-up actions are periodically reviewed by the divisional heads at the unit levels.
