## **Explanatory Statement Pursuant to Section 173 (2) of the Companies Act, 1956**

### **ITEM NO.7**

Sh.S.P. Rao was appointed vide letter No. F.No.L-11013/1/98-GP(Vol.-II) dated 21.10.1999 Director (Projects), by President of India on whole time basis in exercise of power under Article 75 (4) of the Articles of Association of the Company for a period of five years or till the date of superannuation whichever is earlier on such remuneration terms and conditions of his appointment as fixed by the President of India. The Board recommends that he may be appointed as Director liable to retire by rotation.

Your Directors recommend the resolution for approval of the shareholders.

Sh. S.P. Rao is interested in this resolution to the extent of his appointment as a Director. No other Director of the Company is in any way concerned/interested in the proposed resolution.

### **ITEM NO.8**

The National Telecom Policy (NTP) of 1999 has provision for the use of back bone network of public and private power transmission companies, railway, GAIL, ONGC etc. for National Long Distance Data Communication and long distance voice communication.

The Company has a variety of telecommunication system on its existing pipeline infrastructure for communication and Supervisory Control and Data Acquisition (SCADA) to ensure smooth operations. The facilities created are predominantly for captive use so far. The unutilised capacities available in the existing system and further capacities enhancement is possible at low investment. The optical fibre cable is the best and most reliable for telecommunication and in addition provide tremendous potential in enhancement of capacity at low cost. Your company has optical fibre network on upgraded HBJ gas pipeline and optical fibre cable network is being created on Kandla-Loni LPG pipeline for captive use. Telecom services can be conveniently and advantageously combined with the business of the company.

As per the estimates of Telecom Regulatory Authority of India (TRAI) there is demand for Long Distances Communication. The major demand centres are coming up in the states where Company's infrastructure is available and can be further expanded.

Your Company proposes to make foray into Telecom services activities. Pursuant to provisions of section 17 of the Companies Act, 1956, the Company may by Special Resolution alter the Object clause with the approval of the members. Accordingly, the directors of the Company recommend the resolution for approval of the shareholders as a Special Resolution to enable the Company to take up Telecom Services activities.

None of the Director of the Company is in anyway concerned or interested.

By Order of the Board  
For Gas Authority of India Limited

## 16TH ANNUAL REPORT \* GAS AUTHORITY OF INDIA LIMITED

**Sales Quantity  
SBP Solvent****DIVIDEND**

The Directors approved payment of an interim dividend @ 30% for the year 1999-2000 and recommend the same for approval of the members as final dividend for the year ended 1999-2000.

**DISINVESTMENT OF GOVERNMENT EQUITY**

During the year the Government of India sold 10 % of its equity to ONGC and IOC equally and further disinvested 135 million equity shares in the international market through GDR mechanism thus bringing down its equity holding to 67.34%.

**PROJECT COMMISSIONED**

During the year LPG plant at Pata with a design capacity of 258,000 TPA of LPG was commissioned. The trial run commenced in November 1999, six months ahead of scheduled completion period and finally commissioned for commercial production in March 2000. The LPG plant at Pata is integrated with the UP Petrochemical Plant. With the commissioning of this plant your Company has reached a designed production capacity of almost one million tonnes per annum of LPG.

**MAJOR PROJECTS UNDER IMPLEMENTATION****LPG Pipeline from Jamnagar to Loni**

Your Company launched the construction activities for the world's longest, 1,230-km Jamnagar (Gujarat) to Loni (near Delhi), exclusive LPG Pipeline in October 1999 at a cost of about Rs. 1240 Crores. The project has already achieved overall physical progress of over 80% and would provide efficient and safe evacuation of LPG from surplus states in the west to north of India. The project is expected to be commissioned in phases from October to December 2000 against scheduled commissioning in February 2001.

**LPG Plant at Gandhar**

The LPG plant at Gandhar is under construction at an estimated cost of Rs. 361 Crores. An overall physical progress of over 53% has been achieved and the plant is progressing ahead of schedule. The plant is expected to be commissioned by May 2001 against the original schedule of January 2002. The plant is designed to produce 207,000 TPA of LPG.

**PROJECT UNDER CONCEPTUALISATION****New Business Development**

In line with the long term vision adopted by your Company and keeping in mind its core competencies, your Company has focussed on future growth in the areas of core competence and synergetic diversifications. Since present domestic gas production cannot meet the growing demand, gas supplies would need to be augmented from domestic resources as well as imports for meeting the gas demand. Your Company has, therefore, taken a number of steps for augmenting the gas
