REVIEW OF OPERATIONS

Though the Indian Economy which showed some signs of recovery during first half of the year, witnessed marked decline during the later half. The Industrial growth rate dropped to 5% in 2000-01 as compared to 6.6% in the previous year. The devastating Earthquake in Gujarat also had a significant impact on the Economy.

Your Company's turn-over for the current financial year just ended has decreased to Rs.287.72 lakhs from Rs.368.90 lakhs which is nearly a decrease of 22 %. This is purely on account of the strike in our Factory for 40 days which had resulted in this loss and it took nearly another 30 days for the factory to return to its normal production levels. The demands of the workers were met after protracted negotiations and the management was able to extract a workable settlement for 3 years. The loss for the year ended 31.03.2001 is pegged at Rs.7.56 lakhs. The loss appears to be significantly lower since interest amounting to Rs.170.20 lakhs has been transferred to Memorandum of Interest Account in anticipation of waiver of interest from IDBI and SBI since the talks are in advanced stage and likely to be finalised shortly.

FUTURE PROSPECTS

The company has already commenced its extensive marketing drive in the United States and is also on the verge of finalising, marketing and selling agents for the East Coast and West Coast of USA. The prospects are extremely bright with substantial income being generated from the US markets alone. In spite of recession in USA the home market has not been affected since our products are used mostly for the homes in USA.

We have also finalised the third Gangsaw for our Factory which will yield an additional production of 21000 sq. mtrs. The consideration for the Gangsaw is payable over a period of one year.

The Sick industrial companies (Special Provisions) Act, 1985.

The company had prepared a revival package and submitted the same to IDBI for its consideration. The IDBI which was appointed as an operating agency (OA) sought a revision of the package and suggested to come forward with a one time settlement scheme. The Company after much deliberations and negotiations with IDBI and State Bank of India finally offered a one time settlement scheme with repayment spread over two years to IDBI and three years to SBI. The scheme is under active consideration by them.

We are quite confident that the one time settlement scheme seeking interest reliefs and other concessions as sought and if granted by the Honourable BIFR the Company would make a dramatic turn around and all its accumulated losses would be wiped off by the financial year 2003-04 and the Company would emerge much healthier and stronger.
