MANAGEMENT DISCUSSION AND ANALYSIS

With growing economy and per capita income the local demand is envisaged to pickup substantially, the local manufacturer with low cost production will have advantage in the present situation.

OUTLOOK

Take over of foreign companies by major Indian manufacturers will ensure more products to be outsourced from India, to achieve cost competitiveness. Companies with big manufacturing capacities will have an opportunity to participate in the changed scenario.

OPPORTUNITIES AND THREATS

Since 2005 after the patent regime in place there is encouraging atmosphere for out sourcing by big pharma companies resulting in mutual strategic benefits to Indian pharma companies.

The Global pharmaceuticals market consider India increasingly as an important base to source bulk drugs active and intermediate pharmaceutical ingredients since it has advantage of low cost manufacturing infrastructure and equipments facility in the country with proven technological and processes engineering.

The company presently is undertaking contract manufacturing from reputed organisation apart from their own products restarted in a small way. The company is sure to increase the productions of the on going products and add some new products in near future, which are under advance stage of developments.

MANAGEMENT OF RISK AND CONCERN

The company has initiated a number of steps to ensure financial discipline.

The company proposes to add further clients of repute for contract manufacturing to ensure steady progress and utilization of facilities, which will add to the profitability.

With various approvals for its manufacturing facilities its track records of commitment to quality and capability to handle diverse product portfolio the company has an advantage of de-risked business.
