MESSAGE FROM CHAIRMAN

Dear Stakeholders,

I take pleasure in penning my thoughts for the future of your company and sharing them with each one of you. At the outset, let me welcome you to the 35th Annual General Meeting of your company.

I am pleased to share that your company in moving on the road map carved out.

The Patience and hardwork put in by the entire team over the years to create a diverse business is taking shape, with a more diverse portfolio across an increased numbers of therapeutic segments.

The year saw a mixed all round performance in terms of operations and growth of your company amongst changing business scenarios and situations which are very dynamic, as we see the world trying to come back to normal after reeling under the impact of COVID pandemic. India, as a major part of world's pharmacy, continued to stay true to its commitment to supplying quality medicines around the world despite precarious supply chain situations, inflationary issues and various geopolitical conditions.

The Indian Pharmaceutical industry is looking towards a significant growth in the years to come, propelled by domestic and global demands. Despite facing temporary challenges, the industry's long term outlook remains optimistic.

Further I would like to congratulate each and every member of our company for their contribution and commitment.

I would like to thank all my colleagues on the Board for their continued contribution in drawing out strategy and helping the company on its course to achieve the targets carved out.

I express my gratitude to all the stakeholders for their support as always and seek your support further as we move towards achieving newer goals.
