## Surging Ahead

It is my privilege to present the Annual Report of Garware-Wall Ropes Limited (GWRL) for the Financial Year 2014-15.

I am pleased to inform you that in the year under review, your Company recorded remarkable growth in Profit and Return on Capital Employed. This achievement was the outcome of a well executed strategy based on our core foundations of values, innovation, quest for excellence and strong relationships.

The Company achieved this good performance despite some significant external challenges.

In the year under review, there was considerable uncertainty in the Global Economy. While advanced economies like US, Eurozone, and UK presented a picture of encouraging growth, there was a slowdown in emerging economies like China, Russia and Brazil. The overall pace of recovery in the Global Economy was marked by regional specificity.

On the domestic front, Financial Year 2014-15 started on a positive note with significant improvement in market and business sentiment, following the general elections and a clear public mandate given to the new Government. A decline in international crude and commodity prices eased mounting cost pressures on industry, to some extent. However, growth in key sectors like agriculture was unsatisfactory.

In this mixed environment, your Company charted a course for profitable growth with a multipronged strategy. We successfully strove for premium branding of innovative products that deliver high value to customers. Lukewarm demand in some business segments and geographies was offset by an optimal mix of marketing thrusts in domestic and export sectors. In our new product segments, we expanded and deepened our reach. In the high-value agriculture sector, we took efforts to increase farmer awareness about the cost benefits of protected cultivation.
