A. CONSERVATION OF ENERGY

The Company's operation involves low energy Consumption Nevertheless energy conservation measures have already been taken wherever possible. Efforts to conserve and optimise the use of energy through improved operational methods and other means will continue.

B. TECHNOLOGY AND TECHNICAL ABSORPTION AND ADOPTION

1. TECHNOLOGY ABSORPTION

The Company's present manufacturing activities are such that the same do not require any imported specialized Technology. Since in India, technical know-how for Textile Industries has been standardized and is being used in the Industry for last many years. Besides, the Promoters of the Company are engaged in Textile business since last 3 decades and the business is inherited. In view of the above, the question of technical absorption and adaptation does not arise.

2. RESEARCH & DEVELOPMENT

At present the company does not have separate division for carrying out Research and Development work. No expenditure has therefore been earmarked for this activity.

MANAGEMENT DISCUSSION AND ANALYSIS

1. Industry Conditions

The textiles and apparels sector is a major contributor to the Indian economy in terms of gross domestic product (GDP), industrial production and the country's total export earnings. This sector provides employment to over 35 million people and has direct linkage to the rural economy and the agricultural sector.

The textile industry is currently passing through a turbulent phase. With the global downturn ravaging economies, the textile sector is one of the worst hit. The effect of demand contraction and credit squeeze resulted in over 7 lac textile workers losing their jobs (by November 2008).

The drop in the levels of discretionary spending along with the credit squeeze spreading to the trade also contributed in no small measure.

However there is a slight thaw in the negative trend and it is expected that the economy may improve from the second half of the Financial Year 2009-2010, when the pent up demand of the Indian consumers would come to the fore and provide further traction to facilitate investment demand.

Opportunities and Challenges

The present global economic scenario throws up opportunities for fundamentally strong companies such as your Company. The inherent strengths, in the form of strong domain expertise, powerful brand positioning, strength and resilience of the brands, fully integrated state of the art production facilities, cutting-edge technology and unparalleled product innovation capabilities combined with the deep retail market penetration, provide a highly potent platform to seize the opportunities that are bound to arise during cyclical downturns in the form of newer markets, new segments of customers, new channels of distribution, etc.

On the other hand, during the Financial Year 2008-09, the volatility witnessed in the forex markets, credit squeeze, high costs of borrowings, drop in discretionary spending especially in export markets, disbursements of Technology Upgradation Fund (TUF) loan subsidies are some of the challenges facing the textile industry at large.

2. Production & Sales Review:

During the year under review, your company has registered a turnover of Rs. 3389.69 Lakhs as compared to Rs 2929.56 Lakhs in the previous year.

The production in the Company's Process House at Tarapur (Maharashtra) i.e. Dyeing & printing of textile fabrics was 17221713. Mtrs. as against 18891083 Mtrs. in previous year. The sales revenue from Processing of Fabric increased from Rs. 1208.25 Lakhs to Rs. 1220.84 Lakhs during the year under review. The sale revenue from sale of fabrics increased from Rs. 1721.30 lakhs to Rs. 2164.73 lakhs.

3. Outlook:

Industrial scenario in the Textile Sector remained unchanged during the year under review with stagnant domestic market and fierce competition in the international market. The company is, however, confident of sustained growth through a series of initiatives in the areas of product development, technological up gradation and strengthening of distribution network.

4. Internal Control Systems and Their Adequacy:

The Company has management, which is much concerned about the adequacy of Internal Control System. It is aware that for a multi-faceted growth of any organization, only the strict overall control & efficient supervision can check all the operations, whether minor or major, and such control are backbone of any commercial establishment or manufacturing units.

The management of your Company has taken appropriate steps by constituting Internal Audit team with well-experienced and hard working personnel under the supervision of Audit Committee of the Board; which frequently checks and reviews functions of various departments and effectiveness of Audit checks and revision of systems and procedures periodically.

In the year under review, the Company initiated a focused policy to evaluate the design effectiveness of existing management controls across all its locations. Under this initiative, the company also undertook steps to implement new control measures in line with global best-in-class practices.

5. The Financial and Operational Performance:

The financial statement given in the Report of the Directors for the financial year 2008-2009 is quite satisfactory. It reflects the genuine steps taken by the management for transparency and best judgment for the estimate made to correctly reflect the true & fair affairs of the Company.

6. Human Resource Development:

The people of any industry serve as propeller for upliftment of the industry and thus indirectly contribute the National Product and through this to the exchequer of India. The management has always remained conscious of these inter-related factors and maintained a favorable climate during the year to suit the growth and excellence in the Company. The management has always strived to maintain kept cordial relationship between the staff, workers and management. This attitude created an atmosphere where each and every staff and worker started feeling a sense of 'ONENESS'.

7. Cautionary statement:

The Statements in Management Discussion and Analysis Report may contain certain statements that might be considered forward looking. These statements are subject to certain risks and uncertainties. Actual results may differ materially from those expressed in the statements as important factors could influence the company's operations such as Government policies, political and economic development etc.
