MANAGEMENT DISCUSSION AND ANALYSIS

1. Industry Conditions

The Indian Textile Industry is one of the leading textile industries in the world. The textile and apparels sector is a major contributor to the Indian economy in terms of gross domestic product (GDP), industrial production and the country's total export earnings. India earns about 27 per cent of its total foreign exchange through textile exports. Besides, the Indian Textile Industry contributes 14 per cent of the total industrial production of the Country. This sector provides employment of over 35 million people and it is expected that the textile industry will generate new jobs during the ensuing years.

The industry went through a challenging FY 2010, with the global meltdown ravaging economies. The collapse in consumer sentiments, weak exports, noteworthy drop in discretionary spending in textiles/apparels and down trading by the consumers put immense pressure on both the top -line and the bottom-line of textile companies.

Opportunities and Challenges

The present global economic scenario throws up opportunities for fundamentally strong companies such as your Company. The inherent strengths, in the form of strong domain expertise, powerful brand positioning, strength and resilience of the brands, fully integrated state of the art production facilities, cutting edge technology and unparalleled product innovation capabilities combined with the deep retail market penetration, provide a highly potent platform to seize the opportunities that are bound to arise during cyclical downturns in the form of newer markets, new segments of customers, new channels of distribution, etc.

2. Production & Sales Review:

During the year under review, your company has registered a turnover of ₹ 3373.36 Lakhs as compared to ₹ 3158.28 Lakhs in the previous year.

The production in the Company's Process House at Tarapur (Maharashtra) i.e. Dyeing & printing of textile fabrics was 19567414. Mtrs. as against 17221713 Mtrs. in previous year. The sales revenue from Processing of Fabric increased from ₹1220.84 Lakhs to ₹ 1493.54 Lakhs during the year under review. The sale revenue from sale of fabrics decreased from ₹ 2164.73 lakhs to ₹ 2140.87 lakhs.

Outlook:

Industrial scenario in the Textile Sector remained unchanged during the year under review with stagnant domestic market and fierce competition in the international market. The company is, however, confident of sustained growth through a series of initiatives in the areas of product development, technological up gradation and strengthening of distribution network.

4. Internal Control Systems and Their Adequacy:

The Company has management, which is much concerned about the adequacy of Internal Control System. It is aware that for a multi-faceted growth of any organization, only the strict overall control & efficient supervision can check all the operations, whether minor or major, and such control are backbone of any commercial establishment or manufacturing units.

The management of your Company has taken appropriate steps by constituting Internal Audit team with well-experienced and hard working personnel under the supervision of Audit Committee of the Board; which frequently checks and reviews functions of various departments and effectiveness of Audit checks and revision of systems and procedures periodically.

In the year under review, the Company initiated a focused policy to evaluate the design effectiveness of existing management controls across all its locations. Under this initiative, the company also undertook steps to implement new control measures in line with global best-in-class practices.

5. The Financial and Operational Performance:

The financial statement given in the Report of the Directors for the financial year 2009–2010 is quite satisfactory. It reflects the genuine steps taken by the management for transparency and best judgment for the estimate made to correctly reflect the true & fair affairs of the Company.

6. Human Resource Development:

The people of any industry serve as propeller for upliftment of the industry and thus indirectly contribute the National Product and through this to the exchequer of India. The management has always remained conscious of these inter-related factors and maintained a favorable climate during the year to suit the growth and excellence in the Company. The management has always strived to maintain cordial relationship between the staff, workers and management. This attitude created an atmosphere where each and every staff and worker started feeling a sense of 'ONENESS'.

7. Cautionary statement:

The Statements in Management Discussion and Analysis Report may contain certain statements that might be considered forward looking. These statements are subject to certain risks and uncertainties. Actual results may differ materially from those expressed in the statements as important factors could influence the company's operations such as Government policies, political and economic development etc.
