CHAIRMAN'S MESSAGE

STEADY IN DIFFICULTIES AND READY IN OPPORTUNITIES:

When a major storm blows the first objective would be to steadily hold one's own until its impact reduces and a more conducive environment emerges. Subsequent actions are to regroup all resources to tackle the changed situation with renewed energy and skills for creating new opportunities.

While demonetisation has transformed the economic framework to serve broader national objectives, the immediate effects have been different and diverse in many fields. In the short term it shrank the availability of cash and brought a certain hesitancy in business. Some segments like the realty sector that had its own format of transactions were affected more quickly and heavily.

INDUSTRIAL SCENARIO:

The larger perspective indicates the impact on the industrial scenario in which we are operating. India's economic growth is estimated to slow to 7.1 percent in the year 2016-17 ending on March 31 compared to 7.6 percent in 2015-16, the first indicator of the impact of the demonetisation drive. The estimates have been reduced in all the sectors, except for agriculture, which has improved due to the positive monsoon season.

Fortunately even though demonetisation had temporarily slowed down economic activities in the third quarter due to cash crunch it is expected to rebound the growth to 7.6-7.8% in 2017-18. The agricultural sector posted a huge jump in growth as it expanded by 4.9% during 2016-17 compared to dismal growth of 0.7% in the 2015-16.

IMPACT OF DEMONETISATION ON CONSTRUCTION & REALTY SECTOR:

The short-to-medium term effects of demonetisation due to reduced cash transactions will be offset by credit / debit cards and e-Wallets that should come to the rescue. Overall; the domestic consumption story remains intact, with no threat to the overall strength and growth of the Indian retail industry.

There will be minimal impact on large institutionalized players with a solid brand and governance framework. Sales largely driven by the salaried class or investors with limited cash involvement would not suffer. Smaller developers are understandably very concerned right now because many of them have depended on cash transactions. We are very likely to see a clean-up of non-serious players due to this 'surgical strike' on the parallel economy. The impact of RERA will further discipline the industry, which will be good for its health in the long term.

THE COMPANY-STANDING FIRM

Your Company has diversified its business mainly on trading of various items Chemicals, Plastics, Textiles etc. and Realty Business.

The revenue from operations of the company from the various segments was ` 35214 lacs for the year 2016-17 as against the turnover of ` 35920 lacs during the year 2015-16.

Your Company earned net profit of ` 1502.00 lacs during the year 2016-17 as against the profit of ` 1556.00 lacs during the year 2015-16.

Your Company's performance has been restricted during 2016-17 due to demonetisation and its negative impact on industrial growth and also in the Construction and Realty Sector, However management of the company is making sincere efforts for better performance in coming years through more innovative strategies and increased productivity.

THE COMPANY PILLARS

Behind this steady performance story are the efforts of the MetroGlobal team that pushed the limits to take the company forward and higher. I proudly acknowledge their valuable contribution to your company.

The tremendous support in all forms by the Board was the backbone of overcoming hurdles and making progress even in difficult circumstances. Other stakeholders also played an important role in the transformation.
