

ANNUAL REPORT 2014-15

Forward looking statement

In this annual report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements –written and oral- that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substances in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realised, although we believe that we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

3. REVIEW OF PERFORMANCE

The financial year 2014-15 was a yet another challenging year due to continued slowdown in Indian Economy and more particularly in Industrial production and infrastructure growth due to lack of demand, stalled projects and broken corporate Balance Sheet. The Iron & Steel Industry went through a difficult period in view of supply constraints of raw material i.e. domestic Iron ore & coal on account of ban of iron ore mining in Orissa and supply of coal to non- regulated sectors by Coal India Ltd which kept the input cost at elevated level on one side and falling finished steel prices on account of cheap imports from China & CIS countries. In the above backdrop, the margin of the industry players contracted. The results of the operating performance of your Company in such challenging & adverse conditions are mentioned below:

Stand-alone Operations:

The performance of your Company during the year under review remained satisfactory under the prevailing circumstances and overall slowdown in demand growth. The highlights of the financial performance for the year are as under:

- a) Net Sales Revenue increased by 25.58% to ₹ 1935.05 crores from ₹ 1540.92 crores recorded in previous year.
- b) Operating Profit marginally decreased to 14.46% from 15.34 % achieved in previous year.
- c) PBT increased by 25.19% to ₹ 69.12 crores from ₹ 55.21 crores and net profit after tax remained flat at ₹ 62.11 crores (Previous Year ₹ 55.94 Crores).

Consolidated Operations:

- a) Net sales revenue during the FY 2014-15 increased by 13.07% to ₹ 2394.98 crores from ₹ 2118.05 crores recorded in previous year.
- b) EBIDTA Margins increased by 4.26 % to ₹ 378.24 crores (Excluding net gain of ₹ 40.19 crores on sale of Current Investments by Subsidiary Company Hira Ferro Alloys Limited) from ₹ 362.79 crores during previous year, recording operating margin of 15.79 %
- c) PBT decreased to ₹ 76.60 crores from ₹ 92.29 crores. The consolidated PBT fell on account of higher interest & depreciation cost of new pellet plant and Solar Power plant during the year under review.

The detailed performance and financial review has been given in the Annexure to the Directors Report titled "Management Discussion and Analysis".

4. SHARE CAPITAL

The paid up Equity Share Capital as on March 31, 2015 was ₹ 32.756 Crore.
