2. MANAGEMENT DISCUSSION AND ANALYSIS

a) INDUSTRY STRUCTURE AND DEVELOPMENTS :

Your Company is engaged in the business of manufacturing Bright Steel Bars and wires and is in the market to sell domestically and in exports since 1974. The Quality control and manufacturing process consist of in-house treatment and has standard quality name for more than 2 decades. Due to financial constraints, the company is been depending on business of processing steel on job work basis to maintain better economics and has successfully been able to achieve job work production. The Company also has indulged in the special heat treatment job in order to establish future market of Hardened & Tempered steel for exports as well as domestic, which will pave the path of revival and re-instating the strength of the company.

DOMESTIC MARKET: -

There has been a substantial change of steel requirement in the domestic as well as international market for the consumption of Bright Steel Bars and wires. Majority of Bright Steel Bars and wires are used for making the various kinds of components for Automotive industry, Machinery manufacturing industry, Dairy & food processing industry, chemical and fertilizer industry, electronics and electrical appliances industry along with computer industry. Due to global interaction and industrial change in domestic market, various companies have invested especially in automobile industry and electrical appliances industry along with computer industry.

As your company has been well versed with international business, quality specifications, end market trends, which will be convenient and easy for the company to capture such trends. Various trial orders and sample approvals and certain bulk supplies have been established during the year to continue the pace with domestic market.

INTERNATIONAL MARKET: -

The Company is well established for selling and marketing Stainless Steel Bright Bars internationally in most of the developing countries and has maintained their market share. In the international scenario for Stainless Steel Bright Bars business has been on the greater recessionary trend for more than 5 years due to which the company has to go through the constant survival problems. But, at the same time, due to long term standing in the market, the company has been able to maintain its market outside India for Stainless Bright Bars and capturing orders and executing the same with the various financial arrangements. Short

Grand Foundry Ltd.

term spurts of improved demand has been affecting the company to regain its position from time to time in the international market, but the consistent improvement has been lacking in the international market since long time. The company has still been able to remain in the market even with these trends as well recessionary trends. As known worldwide, Indian steel has faced a lot of anti-dumping suits for Bright Steel Bars from European Community, U.S.A., Canada, the company has successfully being able to fight such anti-dumping petition and retain reasonable supplies to these countries and struggle to retain its position even at low profitability.

b) OPPORTUNITIES AND THREATS

OPPORTUNITIES

- The Company is engaged in the business since more than thirty years and has expertise for marketing and quality maintenance of international quality standards for more than 2 decades and enjoys the market share in developed countries like United States and European market.
- The Company is continuously sourcing economical raw materials from China & to compete the international market for exports. These efforts & expertise is been used for earning income by means of conducting Business for M/s D.H. Exports Private Limited for last 3 year till the year 2010-11.

THREATS

- As the major product of the company is made of Stainless Steel carrying high nickel (metal) which is a sensitive item quoted in LME (London Metal Exchange), the fluctuation may affect the business opportunities and its profitability.
- As company's major business is depending on exports the fluctuation in foreign currency may also affect the profitability.

c) SEGMENT- WISE PERFORMANCE

The Company has in the last 5 years developed various heat treatment processes and successfully supplied commercial lots of heat-treated bars to specific standards in the international market in American, German standards. The scope of business is huge and normal, as this product is utilized and acceptable for various applications in the Engineering industries including Petro Chemical, Oil & Natural gas and Automotive industries worldwide. The company is looking for better profitability business and this kind of supplies keeping the edge over the other competitors. Stringent quality standards and method of processing has been introduced to achieve better reliability and traceability for these kind of products which is mandatory for extending marketing. The international players and competitors for such products are from Italy, Spain and Korea, but with such renowned and established competitors, the company has been able to stand in the international market, establishing its product range internationally.

d) OUTLOOK

The manufacturing facility of the company has been now fully in operation and the new location for the business activity is defined at Nagpur/Bhandara. The Company is currently earning income from outsourcing, manufacturing & marketing exports and earning commission income from the same & doing dedicated job processing for M/s Sunflag Iron & Steel Ltd well known Manufacturer of Alloy & Special Steel.

e) INTERNAL CONTROL SYSTEMS

The Company has adequate Internal Control systems, which provide, inter-alia, reasonable assurance of recording the transactions of its operations in all material respects and providing protection against misuse or loss of Company assets.

f) FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

Total Income achieved during the year under review is Rs. 315.25 lacs as against Rs. 78.58 lakhs in the previous year. During the previous year the major source of income consisted of exports /sales whereas in the current year commission has been derived from the exports/sales passed onto fellow industries to maintain the marketing strength of the company.

g) HUMAN RESOURCES

Since 1998, the Company has been registered with BIFR and declared Sick due to wiping of the reserves taking the losses over the period of 3 years of recession. The Company has approached the BIFR and their operating agent for the re-structuring in order to survive. The final scheme is in consideration for the approval. In the meantime, the company had maintained more than 300 employees since 1998, reducing from approx. 500 prior to going to BIFR. The company has successfully executed the VRS in the year 2001-02 and have employed the required strength after the execution of VRS and brought the number of employees to the tune of approx. 100 from April 2002. Due to this step, the company is looking forward to re-work its economies meeting the production levels with considerable reduced cost of production. But at the same time the company is very conscious of the need, not only control head count but also to further reduce the manpower the vacant positions of separated employees are being filled up only based on

Annual Report 2009-2010

urgent necessity under unavoidable circumstances while re deployment of the existing staff is done on continuous basis. This step will pave its path to greater achievements in the near future. With the latest update with the above proceedings, the order has been passed by BIFR dated 21.12.2009 and the Company is in process to Appeal before AAIFR. But the appeal is still Pending therefore Company propose to file fresh application Under SICA (Sec.22 (a)) to BIFR and the same is in the Process of being filed.
